Subject: PIT training 12/15/23

Greetings all,

This email is a reminder that you are all scheduled to attend P.I.T. training at the WSP academy located in Shelton on Friday 12/15. The session is from 1000 to 1300 hours. Address for your GPS is : 631 W Dayton Airport Rd, Shelton, WA 98584. Google maps estimates drive time at just over an hour.

It is imperative that you arrive and park at the entrance to the track no later than 0945 as there are limitations on our track time and we wish to get as many reps in as possible. I will be parked in my marked duty SUV at the track entrance to provide assistance and answer any questions.

You will not be operating city of Fife patrol cars during the PIT training, cars/SUV's will be provided. I will have both my duty and personal phone on should you encounter any difficulties traveling to or from training.

As we discussed in the PP slideshow, Finesse/Throttle control/ contact(crab) and when authorized by your instructor a ¼ of the steering wheel to initiate the PIT. Being too deep on the PIT can result in a collision and too shallow can result in a slip off. So lots of reps!

Note – we have some nearly new driving helmets available for use. The helmets are now located in the DT storage room. (1) XL, (2) L, (3) M, (1) S / OR, bring your own DOT approved helmet OR, we can issue a loaner from the WSP helmet shack.
