RE: Police Public Records Request of June 07, 2024, Reference # R001300-060724

Dear Heather Kelly,

The Pacific Police Department received a public records request from you on June 07, 2024. Your request mentioned:

Under the Washington Public Records Act, §42.56 et seq., I am requesting any/all of the following records from the Pacific Police Department:

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;**
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;**
- 3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.**

This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

I ran a search in our records management system - this system records only case reports... not all calls for service (CAD records) result in a case report. Not all contacts result in a call for service. For your request, I searched all cases cleared with an eluding offense code in the time frame you requested. I have no way to search for ALL incidents where persons did not stop for an officer.

Valley Comm is the custodian of our CAD records but I do not think they maintain them for the length of time you are requesting. They delete records in accordance with the State retention schedule.

For questions or additional information, please reply to this email.

Sincerely,

Rana Hoover

Hi Rana!

Thank you so much for putting that data spreadsheet together. It's very much appreciated! I was wondering if you can share a little more about what you searched for so I know what I'm looking at. Are these all the cases where someone fled regardless of whether they were pursued by your agency? Or are these the cases where Pacific PD pursued?

Thanks!
Heather Kelly

The City has reviewed its files and has located responsive records to your request. Please log in to the Records Request Center at the following link to retrieve the responsive records.

At this time, the City considers your request closed because we've released the records you requested with no redactions. There are no records responsive to item 3. This is our final, definitive response, but please don't hesitate to communicate should you think we've come to this conclusion in error. Of note, the one-year statute of limitations to seek judicial review has begun.
