Narrative

Supervisor Summary

I was assigned to and driving a two-officer marked white police car with Detective J. Corn. The police car was equipped with working lights and siren and both myself and Detective Corn were wearing our department issued uniform. This police car is not equipped with an in-car camera.

Detective Corn and I were travelling southbound on Schley Blvd. approaching Callahan Dr. when a black sedan turned northbound onto Schley Blvd. from Magnuson Way. As we passed the vehicle, I recognized it was an older black Chevrolet Monte Carlo.

I turned around in an attempt to read the license plate as the Monte Carlo turned eastbound on Walnut St., then south onto Callahan Drive. It appeared the vehicle was travelling faster than the posted 25 mph speed limit. While attempting to catch up to the Monte Carlo, I observed the driver, drive through the intersection of Callahan and Schley without stopping at the posted stop sign before continuing westbound. The driver also drove through the intersection of Callahan and Cherry Avenue, again not stopping at the posted stop sign. Just prior to Cherry Avenue, I was able to catch up to the vehicle and read the WA plate: CET8588. I activated my emergency lights and siren as I approached the intersection of Callahan and Lower Wheaton Way. The vehicle accelerated at a high rate onto the northbound on-ramp to Wheaton Way. The driver sped into traffic northbound Wheaton Way where Officer Garland was approaching. He briefly activated his overhead lights. I terminated my attempt to stop the Monte Carlo (shut off my lights and siren) as soon as it was apparent the driver was not going to stop. I stopped my police car in the northbound on-ramp (as I had no way to turn in the opposite direction) until I could no longer see the Monte Carlo. I then entered the northbound traffic lane of Wheaton Way and immediately turned southbound on Wheaton Way.
