## Narrative

### Supervisor Summary

On 04-07-22 about 0202 hours Officer Donnelly was working with other Officers conducting traffic enforcement in the area of the Warren Ave Bridge. Officers Hoyson and Mulitauopele were already on traffic stops. Officer Hoyson was stopped on Warren Ave and 15th St (bus pull out) and Officer Mulitauopele was stopped on 13th St just west of Warren Ave.

Officer Donnelly observed a Dodge truck travelling southbound on the bridge at a high rate of speed. He confirmed the speed at 68mph in the posted 35mph zone. As the truck passed him, he pulled out to stop the truck. The truck was a fair distance in front of him, as he was stopped when the truck passed him.

Officer Donnelly was able to make up some distance on the truck as it slowed to make the turn onto westbound 11th St. The truck speed up the hill on 11th St. and it became clear the truck was trying to elude Officer Donnelly, it was not a matter of the driver not seeing Officer Donnelly.

As the vehicle approached the lane dividers, meant to keep a vehicle from crossing 11th St at Chester Ave, the truck drove into the on-coming eastbound lanes almost to Ohio Ave, nearly striking a car.

Officer Donnelly de-activated his lights and slowed his speed. You can clearly see the truck gaining distance on him in the dash cam video.

Officer Donnelly passed Ohio Ave, Veneta Ave, Sidney Ave and High Ave, then turned onto Northbound Pennsylvania Ave. Based on the speeds Officer Donnelly was travelling he would need some time to slow down and safely make a turn, out of the eyesight of the fleeing vehicle. It was clear he was no longer trying to pursue the truck.

#### POLICY 313.3.2 WHEN TO TERMINATE A PURSUIT STATES:

When a supervisor directs the pursuit to be terminated, officers shall immediately stop following and take the first turn off the suspect's path to get out of the suspect's line of sight. This is to encourage the suspect to slow their escape.

In this case, there is a technical policy violation, however at the speeds Officer Donnelly was travelling, he would need some distance to slow down before safely making a turn.

As the policy is written, this would be out of policy.
