Narrative

Supervisor Summary

Officer Williams was operating a fully marked vehicle and was in uniform. He observed a vehicle being driven without headlights during hours of darkness and was driving slower than the posted speed limit. He suspected the driver of the vehicle to be DUI. He attempted to stop the vehicle but the driver refused and continued N/B on Wheaton Way at a high rate of speed after failing to yield. There was another vehicle behind this vehicle which appeared at first to be with it and trying to conceal the plate information from Officer Williams when he first spotted it. When the DUI vehicle did not stop, Officer Williams deactivated his emergency lights and pulled to the side of the road onto Ivy Road to get off the path of the vehicle. The driver continued at a high rate of speed and was able to get out of his line of sight. Officer Williams did pull back out onto the roadway after losing sight of the vehicle he tried to stop so he could try and get the plate of the vehicle which had been behind it. He was able to get that plate but did not try to stop it in case it was related to the other one. He then pulled off the roadway again.

I watched his dash camera footage of the event and observe Officer Williams attempt to stop the vehicle and the vehicle first appeared as if it was going to pull over as it was in the right lane then accelerated away from him into the left lane. He initially states that it is failing to yield and then quickly says its eluding him. He deactivates his equipment and pulls over onto Ivy Road but still parallel with Wheaton Way. Once the other vehicle passes, he gets behind it and obtains the plate then pulls over into a parking lot where he waits. He does not try to activate his emergency equipment again once going back onto the roadway. I spoke with him about this and he said he had gotten back onto the roadway to try and get the plate of the vehicle behind the one he tried to stop so he could investigate it further if needed. He said the fleeing vehicle was well out of sight and he was not trying to get it stopped or any other ones stopped after he terminated. He is still conducting follow up to attempt to identify the driver. His actions appear to be within policy.
