

College Place Police Department

Memorandum

To: Chief Tomaras

CC:

From: Sergeant Parker

Date: 2/10/2020

Subject: 2019 Pursuit Analysis per Policy 300.10

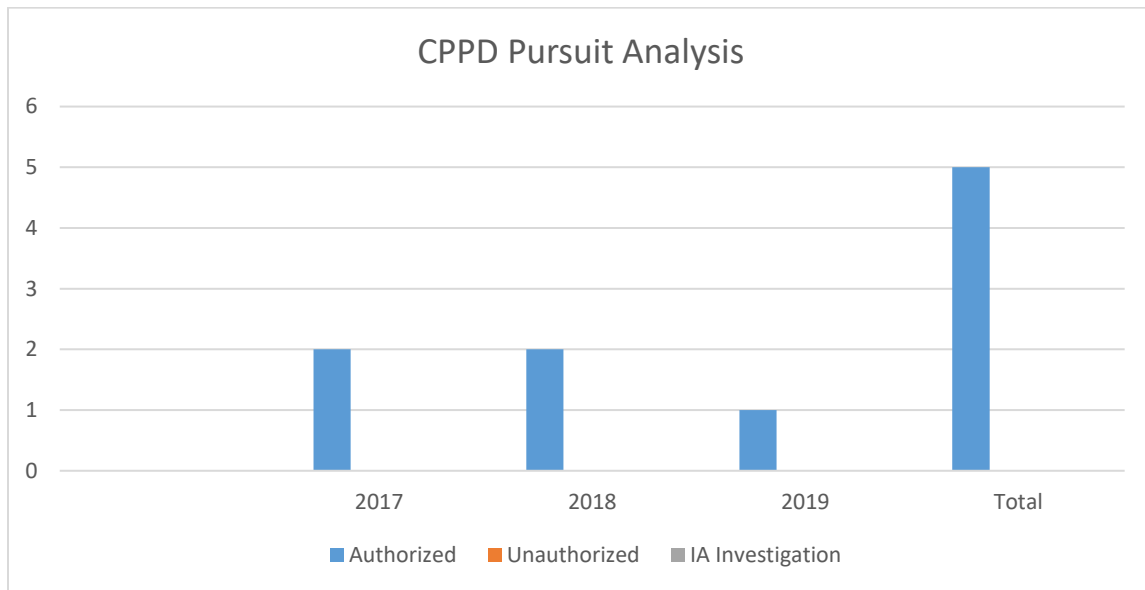

DETAILS:

In 2019, the College Place Police Department (CPPD) was involved in one (1) pursuit as a tertiary unit. On August 10, 2019 Officer Tanner Harris attempted to assist the Walla Walla Police Department (WWPD) with the deployment of stop sticks. The individual was involved in a traffic collision and subsequently taken into custody prior to reaching his location. Reviewing the incident revealed Officer Harris was not actively involved in the pursuit.

The CPPD had 100% attendance of Emergency Vehicle Operators Course training in 2019. This involved a skills course set up at the old airport. All but two officers attended. Officers J. Duede and S. Diaz completed EVOC make-up on July 23rd. The training syllabus is available for review on the Command drive.

In September, the CPPD reviewed our Stop Stick policy (Lexipol 308.1.9) and watched a training video developed by Stop Stick. A copy of the training roster is available on the command folder for review.

CPPD Pursuit Tracking by year	2017	2018	2019	Total
Authorized	2	2	1	5
Unauthorized	0	0	0	0
IA Investigation	0	0	0	0

Training recommendations: Ongoing EVOC training along with policy review and discussion to impress the importance of being selective in the reasoning for pursuing a fleeing vehicle.

Equipment needs: There were no apparent equipment needs resulting from this analysis.

Policy revision recommendation: None at this time.
