Request

Hello,

Under the Washington Public Records Act, §42.56 et seq., I am requesting any/all of the following records in the possession of the Walla Walla County Sheriff's Office:

- WASPC accreditation standards from 2019 through 2024;
- WASPC model policies from 2019 through 2024; and
- WASPC guidelines/policies published between 2019 and 2024 related to vehicle pursuits, including, but not limited to, conducting vehicle pursuits, documenting vehicle pursuits, maintaining records on vehicle pursuits, and summarizing vehicle pursuit data.

This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny part or all of my request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for processing my request.

Best,

Heather Kelly

Requester + Staff

This letter serves as Walla Walla County's initial five-day letter, pursuant to [RCW 42.56.520](#), to your public records request.

After your request is reviewed for content and we determine the department or office in which your request refers to, the County will provide an estimate to provide an initial installment of responsive records.

After locating responsive records, the County will determine whether any of the responsive documents are subject to applicable exemptions under the Public Records Act, and to notify any third parties affected by the request. If third party notification is required, twenty (20) business days will be allowed for a response by the third party to those records which specifically pertain to them. As records are reviewed, they may be released on an installment basis.

Additionally, the Washington Public Records Act ([RCW 42.56.120](#)) and [Walla Walla County Resolution 23-201](#) now allow the County to charge for provision of electronic records. Refer to the hyperlinked documents for the fee schedule for future records installments.
