Narrative

Supervisor Summary

On 05/08/23 at about 1930 hours I was working uniformed patrol for the City of Bremerton Police Department as the rank of Sergeant assigned as the supervisor for gold grave crew. I was operating a fully marked Bremerton Police black and white SUV equipped with audible siren and high visibility red and blue lights. I was also wearing my department issued BPD jumpsuit uniform with Bremerton PD shoulder patches and metal badge. I was clearly marked as a uniformed Police Officer with my uniform and my vehicle.

Officer Hoyson advised she was N/B Wheaton Way at Sylvan Way and observed a possible stolen silver Honda pass her. The plate was, WA LIC #BYZ5110 and it was a silver hatchback. She said she was not able to locate it when she turned on it. I was N/B on Warren Avenue and it did not pass me so I turned onto Dibb Street to see if the vehicle had taken that route. As I passed Solie Avenue I observed the vehicle stopped at the stop sign at Solie and Sylvan. I tuned around and caught up to the vehicle as it was starting to go E/B onto Sylvan Way. The vehicle appeared to have stalled out but the driver was able to get it going again. I followed it to S/B Wheaton Way and noticed the driver accelerated once he turned onto Wheaton Way. I paced behind it at about 60 MPH in the 30 zone. I activated my front dash camera initially without activating my lights in an attempt to get additional video of it to possibly ID a driver later. As I got to the Warren Avenue Bridge I activated my emergency lights and siren since I know Officer Hoyson was close. The vehicle was in the right lane and appeared to slow down as if it was going to pull over. The vehicle then went across the lanes of travel and went into the oncoming N/B lanes. It was apparent to me the vehicle was eluding me at this point as the driver was driving in a reckless manner after my initiating of the attempted stop.

I was past the Callahan exit so I deactivated my emergency equipment and pulled to the side of the road at the first turn out I could and stopped. Once the traffic was clear N/B I turned around to clearly turn off the path of the vehicle. Once I had no longer had any visuals on the vehicle and clearly turned off the path. I turned back around and attempted to locate the vehicle. I was not able to locate it.
