Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department electronic email system by employees of this department. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Email messages addressed to the entire department are only to be used for official business related items that may be of interest to all users.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Washington Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

- (d) The applicant is subject to a court order or injunction regarding firearms.
- (e) The applicant is free on bond or personal recognizance pending trial, appeal, or sentencing for a felony offense.
- (f) The applicant has an outstanding warrant for his/her arrest from any court of competent jurisdiction for a felony or misdemeanor.
- (g) The applicant has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his/her person.
- (h) The applicant has been convicted of a felony or is otherwise restricted from possessing a firearm unless the person has been granted relief from disabilities by the United States Attorney General under 18 USC § 925(c), or RCW 9.41.040(3) or (4) applies.

Non-immigrant aliens are not eligible for concealed pistol licenses. However, they may be eligible for an alien firearm license for the purposes of hunting and sport shooting, subject to certain eligibility requirements. Any non-immigrant alien who wishes to obtain an alien firearm license should be directed to apply to the sheriff in the county in which he/she resides (RCW 9.41.173).

207.3 APPLICATION PROCESS AND RENEWAL

The Sheriff has thirty days after the filing of an application of any person to issue a license to carry a concealed pistol. If the applicant does not have a valid permanent Washington driver license or identification card or has not been a resident of the state for the previous consecutive 90 days, the Sheriff has 60 days to issue a license. The Sheriff must accept completed applications for concealed pistol licenses during regular business hours (RCW 9.41.070).

Concealed Pistol License

The Sheriff is required to check with the National Instant Criminal Background Check System (NICS), the Washington State Patrol electronic data base, the Department of Social and Health Services electronic data base, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or RCW 9.41.045, or is prohibited under federal law to possess a firearm and therefore ineligible for a concealed pistol license. This subsection applies for a new concealed pistol license or to renew a concealed pistol license.

The license application shall bear the full name, residential address, telephone number at the option of the applicant, date and place of birth, race, gender, physical description, not more than two complete sets of fingerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the Department of Social and Health Services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

If the applicant is not a United States citizen, the applicant must provide his/her country of citizenship, United States issued alien number or admission number, and the basis for any exemptions from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall meet the additional requirements of RCW 9.41.173 and provide proof of compliance (RCW 9.41.070).

The application for an original license shall include two complete sets of fingerprints to be forwarded to the Washington State Patrol (RCW 9.41.070 (4)).

207.3.1 REQUIRED WARNINGS

The license and application shall contain a warning substantially as follows:

"CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution."

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law (RCW 9.41.070). The application shall contain questions about the applicant's eligibility under RCW 9.41.040 to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen.

207.3.2 DOCUMENTATION AND FEES

The Sheriff shall deliver the original license to the licensee, within seven days send the duplicate to the Director of Licensing, and shall preserve the triplicate or other form prescribed by the Department of Licensing for six years after the license has expired, been voided or revoked, or as otherwise provided in the department's established records retention schedule (RCW 9.41.070(4)).

Concealed Pistol License

The nonrefundable fee for the original five-year license must be paid upon application. Additional charges imposed by the Federal Bureau of Investigation are payable by the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

A nonrefundable fee for the renewal of such license, or the replacement of lost or damaged licenses is required of the licensee. No other branch or unit of government may impose any additional charges on the licensee for the renewal of the license.

Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the Sheriff.

207.4 LICENSE RENEWAL

A licensee may renew a license if the licensee applies for renewal within 90 days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty in addition to the renewal fee (RCW 9.41.070(9)).

An active duty member of the armed forces who is unable to renew his/her license within the prescribed time period because of assignment, reassignment or deployment for out-of-state military service may renew his/her license within 90 days after returning to Washington State. Verification for this CPL renewal exception is subject to the requirements of RCW 9.41.070(14).

207.5 TEMPORARY EMERGENCY LICENSE

The Sheriff may issue a temporary emergency license for good cause to an applicant who resides within his/her jurisdiction pending review. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. The Sheriff shall assure temporary emergency licenses are easily distinguishable from regular licenses (RCW 9.41.070).

207.6 REVOCATION OF LICENSES

The Sheriff shall revoke any license issued pursuant to this policy immediately upon (RCW 9.41.075(1)):

- (a) Discovery that the person was ineligible under RCW 9.41.070 for a concealed pistol license when applying for the license or license renewal.
- (b) Conviction of the licensee of an offense, or commitment of the licensee for mental health treatment, that makes a person ineligible under RCW 9.41.040 to possess a firearm.
- (c) Conviction of the licensee for a third violation of RCW Chapter 9.41 within five calendar years.
- (d) An order that the licensee forfeit a firearm under RCW 9.41.098(1)(d).

Concealed Pistol License

- (e) Upon notification from the Department of Licensing that the licensee has lost his/her right to possess a firearm as identified in RCW 9.41.047.

207.6.1 INELIGIBILITY

Upon discovering a person issued a concealed pistol license was ineligible for the license, the Sheriff shall contact the Department of Licensing to determine whether the person purchased a pistol while in possession of the license. If the person did purchase a pistol while in possession of the concealed pistol license, and if the person may not lawfully possess a pistol without a concealed pistol license, the Sheriff shall require the person to present satisfactory evidence of having lawfully transferred ownership of the pistol. The Sheriff shall require the person to produce the evidence within fifteen days of the revocation of the license (RCW 9.41.075(2)).

207.6.2 FIREARM FORFEITURE

When a licensee is ordered to forfeit a firearm under RCW 9.41.098(1)(d), the Sheriff shall (RCW 9.41.075(3)):

- (a) On the first forfeiture, revoke the license for one year.
- (b) On the second forfeiture, revoke the license for two years.
- (c) On the third or subsequent forfeiture, revoke the license for five years.

Any person whose license is revoked as a result of a forfeiture of a firearm under RCW 9.41.098(1)(d) may not reapply for a new license until the end of the revocation period.

The Sheriff shall notify the Department of Licensing in writing of the revocation of a license.

207.7 RECIPROCITY

The Sheriff will recognize the validity of a concealed pistol license issued from another state if the laws of that state recognize and give effect to a concealed pistol license issued under the laws of the State of Washington (RCW 9.41.073). A nonresident so licensed is authorized to carry a concealed pistol in this state if:

- (a) The licensing state does not issue concealed pistol licenses to persons under twenty-one years of age, and
- (b) The licensing state requires mandatory fingerprint-based background checks of criminal and mental health history for all persons who apply for a concealed pistol license, and
- (c) The Sheriff will honor such a license only while the license holder is not a resident of this state. A license holder from another state must carry the handgun in compliance with the laws of this state.

207.8 RESIDENCY

The Sheriff may issue a license to an applicant if the applicant resides within this County. The Sheriff may issue a license to nonresident of the state in accordance with these procedures and state law.

Concealed Pistol License

207.9 CONFIDENTIAL RECORDS

Mental health information received by the Sheriff pursuant to RCW 9.41.047, RCW 9.41.070, RCW 9.41.090 or RCW 9.41.173 is exempt from disclosure except as provided in RCW 42.56.240 (RCW 9.41.097). Disclosure of information otherwise obtained in the licensing process shall be limited as defined by RCW 42.56.240.

Retiree Concealed Firearms

208.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Walla Walla County Sheriff's Office identification cards under the Law Enforcement Officers' Safety Act (LEOSA) (18 USC § 926C).

208.2 POLICY

It is the policy of the Walla Walla County Sheriff's Office to provide identification cards to qualified former or retired deputies as provided in this policy. This agency, at the discretion of the Sheriff, may also issue LEOSA cards to qualified retired members of other law enforcement agencies.

208.3 LEOSA

The Sheriff may issue an identification card for LEOSA purposes to any qualified former deputy of this department who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this department as a deputy.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.
- (c) Has not been disqualified for reasons related to mental health.
- (d) Has not entered into an agreement with this department where the deputy acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

208.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card may contain a photograph of the former deputy and should identify him/her as having been employed as a deputy of this office or other law enforcement agency.

If the Walla Walla County Sheriff's Office qualifies the former deputy, the LEOSA identification card or separate certification should indicate the date the former deputy was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

208.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former deputy of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:

Retiree Concealed Firearms

1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.
 2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
- (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
- (c) Not prohibited by federal law from receiving a firearm.
- (d) Not in a location prohibited by Washington law or by a private person or entity on his/her property if such prohibition is permitted by Washington law.

208.4 WASHINGTON IDENTIFICATION CARD

The Sheriff may issue an identification card to a retired deputy of this department for the purposes of carrying a concealed weapon within the State of Washington under RCW 9.41.060 who:

- (a) Has honorably retired from this department.
- (b) Did not retire due to alleged misconduct, a pending internal administrative investigation, or in lieu of termination.
- (c) Did not retire because of a mental or stress-related disability.
- (d) Has not been convicted or found not guilty by reason of insanity of a crime making him/her ineligible for a concealed pistol license.

If issued, the identification card must document all of the above qualifications (RCW 9.41.060).

Any retired person receiving such an identification card shall abide by all of the other requirements of this policy that are applicable to a LEOSA identification card.

208.5 FORMER DEPUTY RESPONSIBILITIES

A former deputy with a card issued under this policy shall immediately notify the on-duty Shift Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

208.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former deputy shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable department policies and federal, state and local laws.

Retiree Concealed Firearms

208.6 FIREARM QUALIFICATIONS

The Rangemaster may provide former deputies from this department and approved outside retired law enforcement officers an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

If provided, the qualification shall include the firearms course and certificate developed by the Washington Association of Sheriffs and Police Chiefs (RCW 36.28A.090).

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any deputy present and observing another deputy using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. A deputy who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The "reasonableness" of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably

Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

A deputy may use all means reasonably necessary to effect an arrest if, after notice of the intention to arrest the person, he/she either flees or forcibly resists (RCW 10.31.050).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the deputy.
- (k) Potential for injury to deputies, suspects and others.

Use of Force

- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the deputy.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed department-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the deputy.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.4 VASCULAR NECK RESTRAINT

The proper application of the vascular neck restraint (VNR) may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the vascular neck restraint is subject to the following:

- (a) The deputy shall have successfully completed department-approved training in the use and application of the vascular neck restraint.
- (b) The vascular neck restraint may only be used when circumstances perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:
 - 1. The subject is violent or physically resisting.
 - 2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm deputies, him/herself or others.
- (c) The application of a vascular neck restraint on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the deputy, the subject

Use of Force

or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of applying a vascular neck restraint:

1. Females who are known to be pregnant
 2. Elderly individuals
 3. Obvious juveniles
 4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries
- (d) Any individual who has had the vascular neck restraint applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.
- (e) The deputy shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the vascular neck restraint and whether the subject lost consciousness as a result.
- (f) If an individual that has been subjected to a VNR lost consciousness, the deputy shall request that jail, medical, or other appropriate staff monitor the person for a period of two (2) hours. If the deputy has reason to believe that this request will go unfulfilled, it is the deputy's responsibility to ensure that the person is monitored for the two (2) hour period.
- (g) Any deputy attempting or applying the vascular neck restraint shall promptly notify a supervisor of the use or attempted use of such restraint.
- (h) The use or attempted use of the vascular neck restraint shall be thoroughly documented by the deputy in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Walla Walla County Sheriff's Office for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the person has committed, or intends to commit, a felony involving the

Use of Force

infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a deputy reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the deputy or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

When a suspect uses a vehicle as a weapon, if time and circumstances allow, deputies should consider if moving out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants is an option. Deputies should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably perceives that the vehicle is being used as a weapon against the officer or others, or if deadly force by a means other than the vehicle is directed at the deputy or others. Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident.

Officer Involved Shootings and critical incident uses of force resulting in serious injury or death should be investigated by the regional joint Special Investigations Unit (SIU) who will investigate and document the use of deadly force by WWSO deputies. Use of force other than Officer Involved Shootings and critical incident uses of force resulting in serious injury or death shall be documented by all involved deputies.

The deputy should articulate the factors perceived, techniques attempted or used, and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.

Use of Force

- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER (TM) device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was shot at with a firearm.

- (i) The use of a kinetic energy projectile.
- (j) An individual was struck or kicked.
- (k) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the deputy's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

Use of Force

300.7 SUPERVISOR RESPONSIBILITIES

Supervisors should make every reasonable attempt to respond to the scene when force is used by a member of this department. When a supervisor is able to respond to an incident in which there has been a reported application of force, other than an Officer Involved Shooting, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

In the event of an Officer Involved Shooting, public safety statement and SIU protocols should be followed.

Use of Force

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. The supervisor shall ensure that the review is forwarded to the Chief Criminal Deputy.

300.8 TRAINING

Deputies will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 USE OF FORCE ANALYSIS

At least annually, the Chief Criminal Deputy should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Walla Walla County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Walla Walla County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will usually be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training, the dispatch of a non-domestic animal, or recreational use.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief Criminal Deputy will convene the Use of Force Review Board as necessary. The involved employee's Chief Deputy or squad supervisor will ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administrative Services Chief Deputy should select at least four (4), preferably five (5), Use of Force Review Board members from the following, as appropriate:

- Representative of the Detective Bureau
- Undersheriff
- Chief Criminal Deputy

Use of Force Review Boards

- Patrol supervisor from a squad other than the involved employee(s)
- A peer deputy
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command officer will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the deputy at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the deputy at the time shall neither justify nor call into question a deputy's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations and/or training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.

The Sheriff shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Sheriff's final findings will be forwarded to

Walla Walla County Sheriff's Office

Policy Manual

Use of Force Review Boards

the involved employee's Chief Deputy for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Sheriff.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Walla Walla County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Walla Walla County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons or waist chains. Deputies should strongly consider not handcuffing a known pregnant person behind the body dependent upon the situation and officer safety.

Handcuffing and Restraints

No person who is in labor shall be handcuffed or restrained. This does not prohibit a treating physician licensed under Title 18 RCW from requesting the use of hospital restraints for the medical safety of the person (RCW 70.48.500).

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

Members who are school resource officers should only use restraints on a student participating in school-sponsored instruction or activity when there is an imminent likelihood of serious harm and pursuant to the school policy for students and staff (RCW 28A.600.485).

302.3.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Handcuffing and Restraints

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Deputies should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Deputies should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

Handcuffing and Restraints

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the detention and the need for handcuffs or other restraints in the incident CAD notes.

If a person is arrested, the use of restraints other than handcuffs shall be documented in the related report. The deputy should include, as appropriate:

- (a) The amount of time the person was restrained.
- (b) How the person was transported and the position of the person during transport.
- (c) Observations of the person's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

302.8.1 SCHOOL RESOURCE OFFICERS

Members working as school resource officers shall prepare a report pursuant to RCW 28A.600.485 and provide a copy to the school administrator whenever a student is restrained in a room or other enclosure or restrained by handcuffs or other restraint devices during school-sponsored instructions or activities.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Walla Walla County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 QUARTERMASTER RESPONSIBILITIES

The Quartermaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 CHEMICAL MUNITIONS GUIDELINES

Chemical munitions may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Sheriff, Undersheriff, Chief Criminal Deputy, Shift Supervisor, Incident Commander or SWAT Team Commander may authorize the delivery and use of chemical munitions, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical munitions to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. OC spray should generally not be used against individuals or groups who merely fail to disperse in a peaceful manner or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

Control Devices and Techniques

303.8 POST-APPLICATION NOTICE

Whenever chemical munitions or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.

Control Devices and Techniques

- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

To further increase the safety of this tool, deputies who maintain possession of department-issued shotguns for the purpose of deploying kinetic energy projectile shall not carry any lethal shotgun ammunition on their person or in their vehicle. They will not be issued any other type of shotgun platform for departmental use.

303.10 TRAINING FOR CONTROL DEVICES

The Chief Deputy shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

Control Devices and Techniques

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER (TM) devices.

304.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

304.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Deputies shall only use the TASER device and cartridges that have been issued by the Department. Uniformed deputies who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform any appropriate tests on the unit prior to every shift.

When carried while in uniform deputies shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the TASER device.
- (c) Deputies shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Deputies should not hold both a firearm and the TASER device at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.

Conducted Energy Device

- (b) Provide other deputies and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the TASER device in the related report.

304.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Conducted Energy Device

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the TASER device probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Deputies should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one TASER device at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies shall notify a supervisor of all TASER device discharges. The expended cartridge should be submitted into evidence. The cartridge serial number should be noted and documented on the

Conducted Energy Device

evidence paperwork. The probes should be appropriately packaged as, "Biohazard," and disposed of properly.

304.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry department TASER devices while off-duty.

Deputies shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Deputies shall document all TASER device discharges in the related arrest/crime report and Use of Force report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

304.6.1 TASER DEVICE - USE OF FORCE REPORTING

Items that shall be included in the Use of Force report are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (d) The range at which the TASER device was used.
- (e) The type of mode used (probe or drive-stun).
- (f) Location of any probe impact.
- (g) Location of contact in drive-stun mode.
- (h) Description of where missed probes went.
- (i) Whether medical care was provided to the subject.
- (j) Whether the subject sustained any injuries.
- (k) Whether any deputies sustained any injuries.

The Chief Deputy should periodically analyze the Use of Force reports to identify trends, including deterrence and effectiveness. The Chief Deputy should also conduct audits of data downloads and

Conducted Energy Device

reconcile Use of Force reports with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

Conducted Energy Device

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Chief Deputy. All training and proficiency for TASER devices will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Deputies who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Chief Deputy is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Chief Deputy should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

Conducted Energy Device

- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Walla Walla County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's action.
- An administrative investigation as to policy compliance by involved deputies.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies comprising the regional joint Special Investigations Unit (SIU) may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The regional joint Special Investigations Unit (SIU) protocols outline the jurisdictional and investigative responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Walla Walla County Sheriff's Office would control the investigation if the suspect's crime occurred in Walla Walla County or contract municipality.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The

Officer-Involved Shootings and Deaths

investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this department is involved, the criminal investigation will be handled according to the regional joint Special Investigations Unit (SIU) protocols. Otherwise, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff for consideration.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED DEPUTIES RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved WWSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the [watchCommander] shall be responsible for coordinating all aspects of the incident until he/she is relieved by the [agencyHead] or a [DivisionCommander].

Upon arrival at the scene, the first uninvolved WWSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers utilizing the WWSO Critical Incident Public Safety Statement form.

Officer-Involved Shootings and Deaths

- (b) If necessary, the supervisor may administratively order any WWSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, direction(s) of any shots fired, perimeter of the incident scene, identity and location of known or potential witnesses, information needed to ensure the public's safety, and any other pertinent information.
 - 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional WWSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, coordinate with Command Staff and ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved WWSO deputy should be given an administrative order not to discuss the incident with other involved officers or WWSO members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

All outside inquiries about the incident shall be directed to the [watchCommander] who shall obtain inquiry and contact information and forward same to the department Public Information Officer.

305.5.3 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Undersheriff
- Chief Criminal Deputy
- Chief Civil Deputy (PIO & Logistics)
- Psychological/ CISM Peer Support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)

305.5.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.

Walla Walla County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

1. Involved WWSO deputies shall not be permitted to and shall not meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-WWSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved WWSO deputy. A licensed psychotherapist may also be provided to any other affected WWSO members, upon request.
1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to and shall not consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) The Department will consider communications between qualified peer counselors and involved deputies to be privileged (RCW 5.60.060).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved WWSO deputy may be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Chief Deputy and Shift Supervisor to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The County Prosecutor's Office is responsible for the criminal investigation review of the circumstances of any officer-involved shooting or death.

Once public safety issues have been addressed, SIU criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) WWSO supervisors and Command Staff personnel should not participate directly in any voluntary interview of WWSO deputies. This does not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal

Officer-Involved Shootings and Deaths

investigators. However, in order to maintain the integrity of each involved officer's statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents to the statement's release in writing.

305.6.1 REPORTS BY INVOLVED WWSO DEPUTIES

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved WWSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved WWSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved WWSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification,

Officer-Involved Shootings and Deaths

attempts to identify the witness prior to his/her departure should be made whenever feasible.

3. Deputies may use other means to attempt to later identify unwilling witnesses such as the taking of photographs and the documentation of related vehicle license plates.
- (b) Witnesses who are willing to provide a formal interview should be identified and then asked to remain at scene until such time a meeting may be set at a suitable location with criminal investigators. Such witnesses, if willing, may be transported by a member of the Department.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting and indentifying the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. WWSO investigators will be assigned to work with the County Prosecutor's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Chief Deputy.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved WWSO deputies to determine conformance with department policy. This investigation will be conducted under the supervision of the Command Staff and will be considered a confidential peace officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if

Officer-Involved Shootings and Deaths

any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his or her prior statement before proceeding with any subsequent interviews.

- (c) In the event that an involved deputy has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.
 4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally in a case in chief. Deputies may be reminded that their statement can be used for criminal impeachment purposes. Deputies should be reminded that their failure to provide full and truthful statements after a lawful order to do so may lead to discipline, up to and including termination from employment.
 5. The Command Staff shall complete all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

Officer-Involved Shootings and Deaths

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of the assigned investigators' supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident shall not be publicly released during an ongoing investigation without consulting the Sheriff, and Prosecuting Attorney's Office as deemed appropriate by the Sheriff.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Walla Walla County Sheriff's Office should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Undersheriff or Chief Civil Deputy is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Command Staff personnel.

305.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

Officer-Involved Shootings and Deaths

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Chief Criminal Deputy and Public Information Officer in the event of inquiries from the media.

No involved WWSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff, Undersheriff, or a Chief Deputy.

Department members receiving official inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions should refrain from public comment and will direct those official inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance, and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.2 POLICY

The Walla Walla County Sheriff's Office will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected and approved by a Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the Undersheriff or Sheriff. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

306.3.1 HANDGUNS

The authorized department-issued handgun is the S&W M&P .45 ACP.

A personally-owned good quality Model 1911 .45 caliber handgun inspected and approved by a Rangemaster is also approved for on-duty use.

--	--	--

306.3.2 SHOTGUNS

Shotguns, outside of less lethal platforms, are not issued by the Walla Walla County Sheriff's Office. When not deployed, kinetic energy projectile platforms, such as a less-lethal shotgun, shall be secured consistent with department training in a locking weapons rack within a department vehicle.

Firearms

306.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the PWS MK112 .223 caliber rifle. The department may also issue a PWS MK107 or MK111 .223 caliber rifle. With prior Sheriff approval, AR-15 style rifles may also be issued for on-duty use.

WWSO SWAT deputies may also be issued a .308 caliber bolt-action or semi-auto Designated Marksman (DM) rifle.

Members may deploy the patrol or DM rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying a rifle may include, but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at any range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack within a department vehicle.

306.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Sheriff or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

- (a) The firearm shall be in good working order and on the department list of approved firearms.
- (b) The firearm shall be inspected and approved by a Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary. The Rangemaster's approval shall be documented in writing and placed in the deputy's personnel file.
- (c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

Deputies are strongly encouraged to carry an authorized secondary "back-up" handgun when on-duty. Members desiring to carry department or personally-owned secondary handguns are subject to the following restrictions:

- (h) Prior to carrying the secondary handgun, members shall qualify under range supervision using a department authorized "back-up" handgun course of fire approved by the Chief Criminal Deputy and thereafter shall qualify in accordance with the department qualification schedule for back-up handguns. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (i) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to a Rangemaster. Once the firearm is approved, the Rangemaster will ensure the documentation is forwarded to the Chief Civil Deputy for inclusion in the deputy's personnel file.

306.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Sheriff; however this privilege may be rescinded should circumstances dictate (e.g., administrative leave).

Members who choose to carry a firearm while off-duty, based on their WWSO Commission and authority as peace officers, will be required to meet the following guidelines:

- (a) Either a department issued or personally owned firearm maybe used, carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy.

- (h) Prior to carrying any off-duty firearm, the member shall demonstrate to a Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner consistent with this policy.
- (i) The member will successfully qualify under range supervision using a department authorized off-duty course of fire approved by the Chief Criminal Deputy with the firearm prior to it being carried.
- (j) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to a Rangemaster. Once the firearm is approved, the Rangemaster will ensure the documentation is forwarded to the Chief Civil Deputy for inclusion in the deputy's personnel file.

- (l) When armed, deputies shall carry their badges and Walla Walla County Sheriff's Office WWSO identification cards under circumstances requiring possession of such identification.

306.3.7 AMMUNITION

Members shall carry only department-authorized ammunition in all firearms carried pursuant to their WWSO commission and authority as peace officers. Members shall be issued fresh duty ammunition annually for all department-issued firearms during the member's firearms qualification.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above.

Replacements for unserviceable or depleted ammunition issued by the department shall be dispensed by the CAT Quartermaster when needed, in accordance with established policy.

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

The department has selected and issues SEAL1 brand cleaner, lubricant, protectant (CLP) to be used for all department issued firearms. This is the only authorized CLP product that shall be used on WWSO firearms. Department issued SEAL1 CLP may be used on personally owned firearms carried in accordance with department policy as secondary "back-up" or off-duty handguns.

Firearms

The department will maintain a firearm maintenance area stocked with SEAL1 CLP and related cleaning and maintenance items.

It is the responsibility of each member to utilize the department's firearm maintenance area and/or ensure they have sufficient department issued supplies to maintain clean and serviceable firearms.

306.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

306.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.4.4 OPTICS OR LASER SIGHTS

Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns and rifles shall be inspected regularly and upon access or possession by another person. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

306.5.2 STORAGE AT HOME

Members should be aware that negligent storage of a firearm could result in administrative discipline and personal civil liability.

306.5.3 ALCOHOL AND DRUGS

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete annual department training with their duty firearms.

In addition to training, all members will qualify twice per year with their duty firearms.

Members will qualify with off-duty and secondary "back-up" firearms at least once every other year. Qualification ammunition will be provided by the department.

Training and qualifications must be on an approved range course.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up.
 - 2. Failure to meet minimum standards or qualify after remedial training.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action up to and including termination from employment.

306.6.2 SHOOTING MEDALS

The WWSO encourages and recognizes firearms proficiency. Accordingly, the WWSO issues shooting medals to those deputies who earn them based upon qualification scoring as follows:

Pistol Scoring:

280 - 300 points, 93%, Expert Medal

260 - 279 points, 87%, Sharpshooter Medal

240 - 259 points, 80%, Marksman Medal

210 - 239 points, 70%, Qualified

0 - 209 points, 69% and below, Fail to Qualify

Patrol Rifle Scoring:

280 - 300 points, 93%, Expert

Firearms

210 - 279 points, 70%, Qualified

0 - 209 points, 69% and below, Fail to Qualify

Distinguished Expert Shooting Medal is earned via Expert Pistol and Expert Patrol Rifle qualification scores during the same one-day qualification course of fire.

Expert, Sharpshooter, and Marksman Shooting Medals are earned via pistol qualification scores.

Scoring and medals are valid and may be worn on the uniform centered above the right shirt pocket for one calendar year from the date of earned qualification.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to the on-duty supervisor as soon as circumstances permit.

If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy.

If a firearm was discharged as a use of force, the involved member shall adhere to the requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Chief Deputy or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by the Sheriff or designee.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, WDFW or animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 DISPATCHING INJURED ANIMALS

A deputy may euthanize an animal with an authorized firearm that is so badly injured that human compassion requires its dispatch from further suffering and where other dispositions are

Firearms

impractical. Such dispatches shall be reported as soon as practicable to the on-duty supervisor and shall be documented in CAD notes with such specificity sufficient for the deputy to recall the incident if need be in the future. Supervisors shall document such incidents in their Daily Field Activities report.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Chief Deputy after each range date. Failure of any deputy to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making or coordinating periodic inspections, at least once every other year, of all duty weapons carried by deputies of this department to verify proper operation. Only authorized Rangemasters or Armorers may conduct inspections. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Chief Deputy documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Chief Deputy.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

Walla Walla County Sheriff's Office

Policy Manual

Firearms

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Deputies must carry their Walla Walla County Sheriff's Office badge and identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature and the signature of the Sheriff or the official seal of the Department and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Walla Walla County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Walla Walla County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment. Firearms must remain secured and concealed upon the deputy's person.
- (i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time deputies of this department are authorized to carry a concealed firearm in all other states and the District of Columbia subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry his/her Walla Walla County Sheriff's Office identification card whenever carrying such firearm.
- (b) The deputy is not the subject of any current disciplinary action.

Firearms

- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other department policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas. It is the deputy's responsibility to know and comply with all lawful rules and regulations of other jurisdictions.

Active permits from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved deputies, the public and fleeing suspects (RCW 43.101.226(3)).

307.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to a deputy's emergency signal to stop.

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.3 DEPUTY RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized sheriff's department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law.

Vehicle Pursuits

Deputies shall drive with due regard for the safety of all persons and property. However, deputies may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (RCW 46.61.035):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing parking, direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (e) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked sheriff's department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as air support assistance.

Vehicle Pursuits

- (l) Whether the pursuing vehicle is carrying passengers other than on-duty sheriff's deputies. Pursuits should not be undertaken with an arrestee(s) in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, deputies will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the deputies or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked sheriff's department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three sheriff's department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

Vehicle Pursuits

A deputy or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the number of suspects. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Deputies operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Deputies in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws.

307.4.2 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing deputy should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing deputy, the deputy in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing deputy should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a deputy in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing deputy to concentrate foremost on safe pursuit tactics.

307.4.3 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.

Vehicle Pursuits

- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing deputy is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing deputy once the suspect has been stopped.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the deputy considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for deputies who are involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available deputies not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing deputies should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
 - 3. Request other deputies to observe exits available to the suspect.
- (d) Notify the Washington State Patrol or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Deputies involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing deputy and with a clear understanding of the maneuver process between the involved deputies.

307.5.1 PURSUIT TRAILING

In the event that initial pursuing deputies relinquish control of the pursuit to another agency, the initial deputies may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

Vehicle Pursuits

307.5.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle and provided air support may broadcast and receive radio transmissions on the radio frequency used for the pursuit, they may assume communication control over the pursuit upon request by the pursuing deputy or a supervisor. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

Although not governed by this policy manual, the air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide deputies and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If deputies on the ground are not within visual contact of the pursued vehicle and the air support crew opines that it may be unsafe to continue the pursuit, the air support crew should provide those details of the pursuit and their opinion to the pursuing deputy or a supervisor.

307.5.3 DEPUTIES NOT INVOLVED IN THE PURSUIT

Deputies who are not involved in the pursuit are encouraged to remain in their assigned areas. If in the vicinity, deputies not involved in the pursuit may monitor and safely parallel the pursuit route at legal speeds and following the appropriate rules of the road, but should not become involved with the pursuit unless directed otherwise by a supervisor.

Uninvolved deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those deputies should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the sheriff's department vehicle.

Non-pursuing members responding to a pursuit termination point should respond in a nonemergency manner, observing the rules of the road. Deputies and supervisors at the termination of a pursuit may request additional deputies to the pursuit termination point using emergency equipment if needed for officer safety or to assist in apprehending the suspect(s).

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other deputies are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this department.

The on-duty field supervisor of the deputy initiating the pursuit will be responsible for:

- (a) Immediately notifying involved deputies and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and

Vehicle Pursuits

risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.

- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel and proper radio procedures are being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (i) Controlling and managing Walla Walla County Sheriff's Office deputies when a pursuit enters another jurisdiction.
- (j) Preparing a post-pursuit review and documentation of the pursuit as required.
- (k) Ensuring all department vehicles used in a pursuit are subsequently checked by the county shop in a timely manner.
- (l) Ensure all required reports are completed and review all pertinent reports for content.
- (m) Ensure all related reports are forwarded to the Chief Criminal Deputy.

307.7 DISPATCH

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved deputies should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES

Although not governed by this policy manual, upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.
- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Assigning an incident number and logging all pursuit activities.

Vehicle Pursuits

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved deputies should broadcast pertinent information to assist other deputies in locating the vehicle. The primary pursuing deputy or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction outside Walla Walla County, the primary pursuing deputy or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Deputies will relinquish control of the pursuit when another agency has properly and thoroughly assumed the pursuit, unless the continued assistance of the Walla Walla County Sheriff's Office is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved deputies may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of deputies at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, deputies should obtain specific confirmation that the other agency is requesting WWSO assume the pursuit and the other agency should then relinquish control.

307.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Deputies from this department should not join a pursuit unless requested to do so by the pursuing agency. Deputies should attempt to obtain approval to join the pursuit from a supervisor; however in such circumstances, officer safety and public safety are paramount and should dictate the decision whether to join another agency pursuit.

Vehicle Pursuits

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Walla Walla County Sheriff's Office, the deputy and supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of all pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor should review a request for assistance from another agency. The Shift Supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by deputies of this department should conclude at the County limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, deputies shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.10 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an deputy should seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, deputies/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the deputy at the time of the decision.

307.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

Vehicle Pursuits

307.10.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Deputies shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained deputies and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, deputies or others.
 - 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 - 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 - 4. The suspect vehicle is stopped or traveling at a low speed.
 - 5. Only law enforcement vehicles should be used in this tactic.
- (b) The PIT is limited to use by properly trained deputies with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to deputies, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputies's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to deputies, the public and occupants of the pursued vehicle. Deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

Vehicle Pursuits

- (e) Tire deflation devices should be deployed only after notification of pursuing deputies and the supervisor of the intent and location of the intended deployment, and in a manner that:
 - 1. Should reasonably only affect the pursued vehicle.
 - 2. Provides the deploying deputy adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 - 3. Takes into account the limitations of such devices as well as the potential risk to deputies, the public and occupants of the pursued vehicle.
 - 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies or the public.

307.11 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing deputy should coordinate efforts to apprehend the suspect following the pursuit. Deputies should consider the safety of the public and the involved deputies when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.12 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing deputy shall complete appropriate crime/arrest reports.
- (b) The primary pursuing deputy or supervisor shall complete the appropriate pursuit report.

 - 1. Date and time of the pursuit.
 - 2. Initial reason and circumstances surrounding the pursuit.
 - 3. Length of pursuit in distance and time, including the starting and termination points.

 6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 7. Arrestee information, if applicable.
 8. Any injuries and/or medical treatment.

 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) If after completion of this pursuit data report, more details regarding the circumstances of the pursuit should be documented, the supervisor should complete a WWSO inter-office memorandum to the Chief Criminal Deputy explaining the additional facts and circumstances.
- (e) After receiving copies of reports, logs and other pertinent information, the Sheriff or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
- (f) Annually, the Sheriff should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.13 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all deputies will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

Squad supervisors shall ensure that this annual training is conducted in roll calls or detective meetings and shall ensure that the training is properly documented and placed in each deputy's training file.

307.14 POLICY REVIEW

Deputies of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

Deputy Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides deputies with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

308.2 POLICY

It is the policy of this department to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

308.3 RESPONSE TO CALLS

Deputies responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

308.3.1 EMERGENCY CALLS

Deputies responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law (RCW 46.61.035).

Deputies should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to:

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
- (c) When immediate assistance is requested by a deputy or other law enforcement agency.

If a deputy believes an emergency response to any call is appropriate or is so dispatched, and is going to respond with emergency equipment activated, the deputy shall immediately notify the dispatcher of their intended "code" response and the starting location of such response.

Deputies not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved department member should reasonably believe there is a reasonably possible or imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation

Walla Walla County Sheriff's Office

Policy Manual

Deputy Response to Calls

- Suspect information, including weapons
- Reason for the request and type of emergency
- The number of deputies or resources required
- Hazards and any known or potential dangers for responding deputies

When a deputy is requesting assistance, the following terms shall be used:

- "Additional Unit" - the deputy is requesting one additional deputy to his/her location. The requesting deputy shall advise dispatch whether or not a "code" response is requested for the additional responding unit.
- "Back-Up" - the deputy is requesting all available deputies in the vicinity respond to his/her location as quickly and safely as possible utilizing a "code" response. Responding units shall notify dispatch of their response and the location from where they are responding.
- "Officer Needs Help" - the deputy is requesting all on-duty commissioned deputies in the county, regardless of current status or assignment, respond to his/her location as quickly and safely as possible utilizing a "code" response. Responding units shall notify dispatch of their response and the location from where they are responding.

In any event where a situation has stabilized and emergency response is no longer required, the requesting member shall immediately notify the dispatcher.

Supervisors shall monitor and coordinate all responses to requests for assistance.

308.5 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the deputy may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (RCW 46.61.035):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing parking, direction of movement or turning in specified directions.

308.6 EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren may respond to requests for assistance, but are prohibited from initiating or joining in a "code" emergency response. Deputies in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws.

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the emergency response and continue accordingly. The deputy shall notify the field supervisor or

Deputy Response to Calls

the dispatcher of the equipment failure so that another deputy may be assigned to the emergency response.

308.7 DEPUTY RESPONSIBILITIES

The decision to initiate or continue an emergency response is at the discretion of the deputy. If, in the deputy's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the deputy should immediately notify the dispatcher. A deputy shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon being dispatched, receiving authorization or determining that an emergency response is appropriate, a deputy shall immediately give the location from which he/she is responding.

The first deputy arriving at the emergency call should determine whether to increase or reduce the level of the response of additional deputies and shall notify the dispatcher of his/her determination. Any subsequent change in the appropriate response level should be communicated to the dispatcher by the deputy in charge of the scene unless a supervisor assumes this responsibility.

308.8 DISPATCH

Although not governed by this manual, when information reasonably indicates that the public is threatened with serious injury or death, or a deputy requests emergency assistance and immediate law enforcement response is needed, the dispatcher should assign an emergency response and ensure acknowledgement and response of handling and assisting deputies. In all other circumstances, the dispatcher should obtain authorization from the Shift Supervisor prior to assigning an emergency response.

308.8.1 RESPONSIBILITIES

Although not governed by this manual, upon notification or assignment of an emergency response, the dispatcher should be responsible for:

- (a) Confirming the location from which the deputy is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting deputies to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Shift Supervisor as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Shift Supervisor.

Deputy Response to Calls

308.9 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Shift Supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those deputies reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.
- (d) In accomplishing these duties, the supervisor should be mindful of and not consume needed air time on the radio.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing deputies into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional deputies to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding deputies and the location of the incident.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services to the community including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Walla Walla County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives. All WWSO canine teams shall be in compliance with WAC 139.05.915 and the related CJTC canine certification policies.

309.3 ASSIGNMENT

Patrol Canine teams should be assigned to Operations Division regular patrol assignments as a member of a Patrol Squad. When canine assistance is needed, the on-duty canine team will be assigned to that particular incident. WWSO canine teams are subject to call outs when off-duty.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Chief Criminal Deputy.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 REQUESTS FOR CANINE TEAMS

Members of this agency are encouraged to request the use of a canine.

Requests for a WWSO canine team from outside agencies shall be reviewed in accordance with this policy.

Walla Walla County Sheriff's Office

Policy Manual

Canines

309.5.1 OUTSIDE AGENCY REQUEST

The Shift Supervisor or on-call Command Staff Officer must approve all requests for canine assistance from outside agencies subject to the following provisions:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy manual.
- (b) The handler has the authority to decide whether the canine should be used for any specific assignment or request.
- (c) When time, tactics, and officer safety allows, requests for assistance for an on-duty canine team from an outside agency within the boundaries of Walla Walla County should be approved by the on-duty shift supervisor.
- (d) Canine teams shall not be called out while off-duty unless authorized by the Chief Criminal Deputy, Undersheriff, or Sheriff.
- (e) Canine teams shall not be used outside the boundaries of the Walla Walla County unless authorized by the Chief Criminal Deputy, Undersheriff, or Sheriff.
- (f) A canine may only be used outside the boundaries of the Walla Walla County when the approving Command Staff Officer reasonably believes:
 - 1. the wanted individual in the outside jurisdiction has committed a felony criminal offense,
 - 2. will be arrested for a felony criminal offense when located,
 - 3. there is a reasonable belief that the individual poses an imminent threat of violence or serious harm to the public or any peace officer,
 - 4. the individual is physically resisting or threatening to resist arrest,
 - 5. the use of a canine reasonably appears to be necessary to overcome such resistance, and
 - 6. the individual(s) is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.
- (g) It shall be the responsibility of the canine handler to communicate and coordinate with WWSO and outside agency personnel in order to minimize the risk of injury.

When requests for assistance outside Walla Walla County are approved as outlined above, a canine handler may request an additional WWSO deputy to respond as a canine search team member. When such a request is made, the on-duty shift supervisor shall advise the command staff officer of the number of currently deployed on-duty patrol deputies and his/her opinion if an on-duty deputy is practicable and available to assist the responding canine team outside the county. If an on-duty deputy is not practicable or available to assist, then the command staff officer will decide whether or not to call out an off-duty deputy to respond either as a canine search team member or patrol squad member for coverage. When such approval is granted, the on-duty supervisor shall coordinate the call-out and response.

Canines

309.5.1 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the Sheriff prior to making any resource commitment. If approved, the canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the Sheriff prior to the event.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputies or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.

Walla Walla County Sheriff's Office

Policy Manual

Canines

- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other deputies at the scene if the canine is utilized.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 GUIDELINES FOR THE USE OF CANINES

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as appear reasonably necessary. If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator and on-call Command Staff Officer. Unintended bites or injuries caused by a canine should be documented in an administrative memorandum, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first

Canines

tending to the immediate needs of the injured party. Photographs shall be retained in accordance with current department Use of Force reporting procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that present an immediate threat to deputies, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. Although the WWSO does not have a Bomb/Explosives Detection Canine, when available, an

Canines

explosive-detection canine team from another agency may be used in accordance with current law and under certain considerations, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time should an explosive-detection trained canine be used to render a suspected device safe or clear.

309.8 HANDLER SELECTION

The minimum qualifications and considerations for the assignment of canine handler include:

- (a) A deputy or corporal who is currently off probation.
- (b) Interest in the K-9 field.
- (c) Generally, sergeants should not be canine handlers.
- (d) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).
- (e) Living within the Walla Walla County limits.

- (m) Good work ethic.
- (n) Dedication to the Vision, Mission, and Core Values of the Walla Walla County Sheriff's Office.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, ongoing training, medical care, affection, and appropriate living conditions.

The canine handler will be responsible for the following:

Walla Walla County Sheriff's Office

Policy Manual

Canines

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (d) Any changes in the living status of the handler shall be reported to the canine coordinator and Chief Criminal Deputy as soon as possible.
- (e) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may only be let out of the kennel while under the direct control of the handler.
- (f) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (g) Under no circumstances will the canine be lodged at another location unless approved by a Command Staff Officer.
- (h) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by a Command Staff Officer.
- (i) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made. In those situations, the canine will be housed at either another approved kennel location, another handler's residence in an approved kennel separate from the other handler's primary kennel for his/her canine, or an approved veterinarian's kennel.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the Chief Criminal Deputy.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement/memorandum of understanding (29 USC § 207).

Canines

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented. The report shall then be forwarded through the chain of command to the Sheriff.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in that canine's personnel file.

309.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to be in compliance with WAC 139.05.915 and meet current Criminal Justice Training Commission (CJTC) policy standards.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines, how to be a perimeter officer during a canine search, and how to be a canine search team member.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

309.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to be in compliance with WAC 139.05.915 and meet current Criminal Justice Training Commission (CJTC) policy standards. Additional training considerations are as follows:

- (a) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (b) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not in compliance with WAC 139.05.915 or does not meet current Criminal Justice Training Commission (CJTC) policy standards.
- (c) If applicable, canine teams should receive training as defined in the current contract with the WWSO canine training vendor provider.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training/personnel file.

Canines

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Walla Walla County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Deputies acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws. (21 USC § 823(f); RCW 69.50.302; RCW 69.50.508; WAC 246-887-200).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Walla Walla County Sheriff's Office to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk or rear cargo area of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

Walla Walla County Sheriff's Office

Policy Manual

Canines

- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Walla Walla County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) In cases where the victim or person reporting calls back and attempts to cancel law enforcement response, deputies shall continue to respond and verify the safety of the victim and all persons involved.
- (c) When practicable, deputies should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

Walla Walla County Sheriff's Office

Policy Manual

Domestic Violence

- (d) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (e) When practicable and legally permitted, video or audio record all significant statements and observations.
- (f) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (g) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (h) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (i) If appropriate and legally permitted, seize all firearms and other dangerous weapons in the home for safekeeping or as evidence.
- (j) When completing a case or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the investigating deputy should attach a copy of the order to the case or arrest report.
- (k) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.

Domestic Violence

11. The racial, cultural, social, professional position, or sexual orientation of the victim or suspect.

310.4.1 HOSPITALIZED VICTIM

When responding to a medical facility regarding an injured person, deputies should make a reasonable attempt to determine whether the injury was a result of domestic violence prior to contacting the victim or person who reported the incident.

If domestic violence is suspected, contact should be made with the medical facility representatives out of the view and hearing of the victim and any potential suspects when practical.

310.4.2 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.
- (d) Provide the victim with VINE and online VINELink information; VINE - Victim Information and Notification Everyday, the National Victim Notification Network. This service claims to allow crime victims to obtain reliable information about criminal cases and the custody status of offenders 24 hours a day.

310.4.3 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., Order for Protection Clinic at Walla Walla County Superior Court, DV/Sexual Assault Center at the Walla Walla YWCA, counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the possible or proposed resolution in the case report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Deputies should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to the Order for Protection Clinic at Walla Walla County Superior Court, the DV/Sexual Assault Center at the Walla Walla YWCA, any other available victim advocates, shelters, and community resources.

Domestic Violence

- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance if appropriate and as soon as practicable for the victim if he/she has sustained injury or complains of pain and requests treatment.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance.

Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Once alerted, deputies shall control the appropriate response to domestic violence calls.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION AND SERVICE OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.

Domestic Violence

- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

310.9 STANDARDS FOR ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) The primary duty of deputies when responding to a domestic violence situation is to enforce the laws allegedly violated and to protect the complaining party (RCW 10.99.030(5)).
- (b) When a deputy responds to a domestic violence call and has probable cause to believe that a crime has been committed, he/she shall make an arrest pursuant to the criteria in RCW 10.31.100 (2)(3) and RCW 10.99.030(6)(a).
- (c) When a deputy has confirmed that a valid court order exists and has probable cause to believe the defendant has violated that order, the deputy shall make a physical arrest (RCW 10.99.055; RCW 10.31.100(2)(a)(b)). Whenever a member of this department serves or assists in serving a court order and that service is completed, a return of service form shall be completed and submitted to the Washington Crime Information Center (WACIC).

310.10 REPORTS AND RECORDS

- (a) Deputies responding to a domestic violence call shall take a complete offense report, including the disposition of the case (RCW 10.99.030(6)(b)).
- (b) All such reports should be documented under the appropriate crime classification and should use the distinction "Domestic Violence" in the Type of Crime box of the crime report form (RCW 10.99.030(11)).
- (c) Whenever there is probable cause to believe that a crime has been committed and unless the case is under active investigation, the investigating deputy's supervisor shall ensure that all domestic violence crime reports are forwarded to the County Prosecutor's Office within 10 days of the date the incident was reported (RCW 10.99.030(9)).
- (d) The Records Clerk shall ensure that accurate records of domestic violence incidents are maintained and submitted to the Washington Association of Sheriffs and Police Chiefs (WASPC), in accordance with state law (RCW 10.99.030(12)).

310.11 COURT ORDERS

Administrative Services Division personnel shall ensure that no-contact orders received from the court are entered into the WACIC or other applicable criminal intelligence information system for one year or until the expiration date specified on the order (RCW 10.99.040; RCW 10.99.050).

Walla Walla County Sheriff's Office

Policy Manual

Domestic Violence

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Walla Walla County Sheriff's Office personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Walla Walla County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.3.1 RESTRICTIONS ON CELL SITE SIMULATOR USE

A member may only install or use a pen register, trap and trace device or cell site simulator device with a supporting court order or when there is both coordination with a prosecuting attorney and joint determination of probable cause to believe an emergency situation exists that involves immediate danger of death or serious bodily injury to a person. A court order must be obtained within 48 hours after installation of the pen register, trap and trace device or cell site stimulator device when an emergency situation exists (RCW 9.73.260).

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 1. Another deputy or a supervisor should witness the search.
 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized

Walla Walla County Sheriff's Office

Policy Manual

Search and Seizure

- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Walla Walla County Sheriff's Office (42 USC § 5633).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a)(iv) by possessing a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Temporary Custody of Juveniles

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Walla Walla County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Walla Walla County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Walla Walla County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Walla Walla County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Walla Walla County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Walla Walla County Sheriff's Office without authorization of the arresting deputy's supervisor or the Shift Supervisor.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Walla Walla County Sheriff's Office (42 USC § 5633; RCW 13.04.116(b)).

Temporary Custody of Juveniles

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Walla Walla County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Walla Walla County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

- (a) Pursuant to a court order.
- (b) Without a court order, by a deputy if grounds exist for the arrest of an adult in identical circumstances.
- (c) When his/her parole has been suspended.

312.4.4 LIMITATIONS ON RELEASE OF JUVENILE OFFENDERS

Juveniles should be referred to the appropriate juvenile authority and not released to a parent or guardian when there is probable cause to believe the juvenile (RCW 13.40.040(2)):

- (a) Will likely fail to appear for further proceedings.
- (b) Needs protection from him/herself.
- (c) Is a threat to community safety.
- (d) Will intimidate witnesses or otherwise unlawfully interfere with the administration of justice.

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at a Sheriff's Office facility, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Walla Walla County Sheriff's Office.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (42 USC § 5633). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Walla Walla County Sheriff's Office shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Walla Walla County Sheriff's Office shall ensure the following:

Walla Walla County Sheriff's Office

Policy Manual

Temporary Custody of Juveniles

- (a) The Shift Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Walla Walla County Sheriff's Office more than four hours. This will enable the Shift Supervisor to ensure no juvenile is held at the Walla Walla County Sheriff's Office more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Walla Walla County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Temporary Custody of Juveniles

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.10 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Walla Walla County Sheriff's Office shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Walla Walla County Sheriff's Office.

312.11 SECURE CUSTODY

Only juvenile offenders 14 years and older may be placed in secure custody. Shift Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

Temporary Custody of Juveniles

- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Shift Supervisor will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Walla Walla County Sheriff's Office. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Sheriff and Detective Bureau supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the Prosecuting Attorney.
- (e) Evidence preservation.

312.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

312.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

312.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Deputies of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

Temporary Custody of Juveniles

313.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 74.34.035):

- (a) All notification to DSHS shall be made immediately or as soon as practicable by telephone
- (b) Information provided shall include, if known:
 - 1. The name and address of the person making the report.
 - 2. The name and address of the vulnerable adult.
 - 3. The name and address of the facility or agency providing care for the vulnerable adult.
 - 4. The name and address of the legal guardian or alternate decision maker.
 - 5. The nature and extent of the abandonment, abuse, financial exploitation, neglect or self-neglect.
 - 6. Any history of previous abandonment, abuse, financial exploitation, neglect or self-neglect.
 - 7. The identity of the alleged perpetrator, if known.
 - 8. Any other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect or the cause of death of the deceased vulnerable adult.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. If the investigation reveals that a crime may

Adult Abuse

have been committed, the County prosecutor shall be provided a written report of the incident (RCW 74.34.063(3)).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact DSHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to DSHS.

Adult Abuse

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy should make an attempt to obtain a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110; RCW 74.34.210; or other applicable statutes.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should audio and video record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When and if practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

Adult Abuse

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including DSHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the on-call Command Duty Officer so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

313.10.1 ARREST WITHOUT WARRANT

When a deputy has confirmed that a valid court order for protection, including a temporary order, exists and has probable cause to believe that a person has violated that order, he/she has the authority to arrest the person without a warrant (RCW 10.31.100; RCW 26.50.110).

313.10.2 ADMINISTRATIVE SERVICES DIVISION RESPONSIBILITIES

The Administrative Services Division is responsible for:

Adult Abuse

- (a) Providing a copy of the adult abuse report to DSHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

313.10.3 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 74.34.035(9); RCW 74.34.095).

313.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discrimination or sexual harassment.

314.2 POLICY

The Walla Walla County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DISCRIMINATION PROHIBITED

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination free work environment.

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

Discriminatory Harassment

314.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Washington State Human Rights Commission.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with County or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Sheriff, Undersheriff, Chief Criminal Deputy, or Chief Civil Deputy.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

Discriminatory Harassment

314.4.1 SUPERVISOR RESPONSIBILITY

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Sheriff in writing of the circumstances surrounding any reported allegations or observed acts of discrimination/harassment no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing member should be protected against

Discriminatory Harassment

retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

314.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, Undersheriff, Chief Criminal Deputy, or Chief Civil Deputy.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

314.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

Discriminatory Harassment

- Approved by the Sheriff or his/her designee.
- Maintained for the period established in the department's records retention schedule.

314.8 TRAINING

All new members should be provided with a copy of this policy as part of their orientation. The policy should be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

Supervisors shall provide annual training on the requirements of this policy during roll calls and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

314.8.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a Command Staff Officer, or the Sheriff for further information, direction or clarification.

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

315.3 MANDATORY NOTIFICATION

Members of the Walla Walla County Sheriff's Office shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

Deputies shall promptly notify CPS whenever a child under 16 years of age is in a vehicle being driven by the child's parent, guardian, legal custodian, sibling or half-sibling and that person is being arrested for a drug or alcohol-related driving offense (RCW 46.61.507).

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.

Child Abuse

- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to CPS.

- (a) A court order has been issued authorizing the removal of the child.
- (b) There is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

315.6.1 SAFE HAVEN LAW

A parent is not guilty of abandonment when leaving a newborn 72 hours old or younger with a qualified person at the emergency department of a licensed hospital or a fire station while personnel are present (RCW 13.34.360). The qualified person shall notify CPS. CPS shall assume custody of the newborn.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Child Abuse

of children who are suspected victims of sexual abuse in compliance with the training standards set forth in RCW 43.101.224.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

Supervisors should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies a supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

316.2 POLICY

The Walla Walla County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. 316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

- Biological sample collection kits

316.4 ACCEPTANCE OF REPORTS

Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

316.5 INITIAL INVESTIGATION

Deputies or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

Members shall check NCIC and other available databases for a history of domestic violence or court order restricting contact and verify through the Washington State Patrol (WSP) that the missing person is not participating in the address confidentiality program under RCW 40.24.030 et seq. Information obtained from NCIC, other databases or WSP shall not be released except by court order.
 - 3. Information received from a carrier is restricted and should only be released to first responders responding to the emergency situation.
- (i) Contact the appropriate agency if the report relates to a missing person report previously made to another agency and that agency is actively investigating the report. Hate Crimes

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the vision, mission, core values, and code of ethics of the Walla Walla County Sheriff's Office and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of the Walla Walla County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

320.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Washington Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. 321.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Report writing is the subject of substantial formalized training and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

322.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

322.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires a report or prosecution. The following cases shall be appropriately investigated and documented using the approved report:

322.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all deputies and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, digitally typed reports are the preferred method of documentation if that option exists. In cases where a report must be hand-written, block printing is required.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

322.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should reject the report and provide the deputy the reasons for rejection. The original report and notification should be provided to the reporting employee for correction as soon as practical. Media Relations

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this Department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Sheriff and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

323.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

323.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Public Information Officer. When requested, additional information may be made available (RCW 42.56.070(1)). This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

Media Relations

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise coordinated with the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the Public Records Officer, or the Chief Civil Deputy. Such requests will generally be processed in accordance with the provisions of the Public Records Act (RCW Chapter 42.56.001 et seq.).

323.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained.
