### Narrative

STOLEN/RECOVERED/DAMAGED/VALUE:

1.

\*\*\*\*\*

### EVIDENCE:

1. Body camera footage uploaded to Evidence.com
2. Video footage provided by Fred Meyer
3. Loss Prevention report provided by Fred Meyer

\*\*\*\*\*

### SUSPECT(S):

1. August P. Riveira (DOB 10-3-1993)
2. Esirae F. Bohenstiel (DOB 3-2-1994)

\*\*\*\*\*

### CHARGE(S):

1. RCW 46.61.024 - Attempting to Elude Police Vehicle / Riveria
2. RCW 9A.36.050 - Reckless Endangerment (2 counts) / Riveria
3. RCW 9A.56.050 - Theft 3rd Degree / Bohenstiel

\*\*\*\*\*

### INVESTIGATOR'S NAME(S):

1. Officer Conley

\*\*\*\*\*

### INVESTIGATION:

On 6-30-2023 I was working patrol for the City of East Wenatchee in police uniform while driving a marked police vehicle. At approximately 0952 hours, I

responded to the report of a theft at Fred Meyer in East Wenatchee, Washington. The reporting party was Rachel Brese who was the Loss Prevention Manager for the business.

Rachel told Rivercom Dispatch a male and female had attempted to walk out of the store multiple times with a cart full of items and past the point of sale. Rachel advised after the attempts, the couple parked their vehicle in a different location and tried again. Rachel provided the registration to their vehicle to Rivercom. The vehicle was a red 1995 Chevrolet K1500 bearing Washington State plate WA/D54576C.

Rachel advised in addition to attempting to steal the cart full of items, the female also took items and placed them in her purse from the store. She stated she believed the items were small and possibly toys, but could not confirm exactly what they were. Rachel stated she could confirm items were stolen though.

I arrived in the parking lot at approximately 0953 hours. As I arrived, I instantly observed the vehicle described driving south through the parking lot and towards the exit. I made eye direct eye contact with the driver and instantly recognized him as August P. Riveira (DOB 10-3-1993). I knew August from multiple previous Law Enforcement contacts.

I positioned my patrol car behind the pickup truck near the intersection of Grant Road and State Route 28. I was approximately four car-lengths behind the vehicle when I activated my overhead emergency lights. The vehicle continued driving towards the George Sellar Bridge. I activated my siren momentarily.

After my siren was activated, I observed the vehicle quickly accelerate and pass two vehicles on the right side. It should be noted, the roadway was one lane for single traffic only with the speed limit of 40 miles per hour. Further, there was a slope on the edge of the roadway going downwards from the lane. When the vehicle went off of the roadway to pass the vehicles, I observed a large cloud of dust kick up into the air. Further, I did not observe the turn signal on the vehicle activate.

When it was clear the vehicle was not going to yield to my traffic stop, I terminated immediately. Officer Caballero was behind me and also terminated. Both officers advised via radio we had discontinued and our lights and sirens had been turned off.

Based on my investigation, I developed probable cause August P. Riveira (DOB 10-3-1993) committed the crime RCW 46.61.024 - Attempting to Elude Police vehicle by willfully failing to immediately bring his vehicle to a stop and drove his vehicle in a reckless manner while attempting to elude a pursuing

police vehicle.

I watched the truck as it continued west bound over the George Sellar bridge and turned off on the exit for Wenatchee Ave. Due to multiple slow moving vehicles driving in front of it, it also had to slow down. Due to unintentionally closing the distance between our vehicles due to other slow moving vehicles, I attempted to conduct another traffic stop. I activated my overhead emergency lights. The vehicle continued rolling approximately 40 yards before coming to a stop on the east side shoulder of Wenatchee Ave.

I advised Rivercom to close the radio traffic for emergency traffic only and that Officer Caballero and I were going to conduct a high risk stop. I drew my department issued Glock 17 and began giving commands to the driver, August.

I commanded August to exit the vehicle from the driver's side door. He complied and walked backwards to my vehicle where he was placed into custody behind cover. He was patted down for weapons and secured into the back of Officer Caballero's patrol car.

Officer Caballero attempted to give commands to the passenger which were initially unsuccessful. Due to an apparent mechanical issue with the door, the female exited from the driver's side door. She was commanded to walk backwards and detained behind my patrol car. She was escorted into the back of my patrol car. I instantly recognized her as Esirae F. Bohenstiel (DOB 3-2-1994) from previous Law Enforcement contacts.

Esirae advised [REDACTED] 4B-Child victim was still in the truck. Officer Malone with the Wenatchee Police Department arrived at our location. We approached the vehicle to clear it and observed the child in the back seat. She was crying and obviously very scared. I began to comfort her and told Rivercom to re-open the air for radio traffic.

The child was identified as [REDACTED] 4B-Child victim. She was transported away from the scene and placed in the care of [REDACTED] 4B-Child victim was Takoda J. Leveque (DOB 9-17-2002). Esirae gave Takoda permission to take her prior to him doing so. Prior to Takoda arrived, I requested Rivercom to dispatch a behavioral health unit to my location to comfort [REDACTED] 4B-Child victim. She left before they arrived.

I called Rachel from Fred Meyer using my department issued cell phone. She confirmed the original story as what she told Rivercom. She described the bag Esirae had used to conceal and steal the items was pink in color with a lighter shade on the side. I observed the bag inside the vehicle on the center of the bench seat. I later asked Rachel what she believed the value of the items to be. She advised less than \$750.

Based on my investigation, I developed probable cause Esirae F. Bohenstiel (DOB 3-2-1994) committed the crime RCW 9A.56.050 - Theft 3rd Degree / Bohenstiel by stealing merchandise valued at less than \$750 from Fred Meyer.

Rachel later advised she reviewed the video camera footage and was able to see Esirae steal the items, but still could not confirm what they were at the time.

I asked Rivercom Dispatch to have Randy's Towing respond to the location to impound the truck for the application of a search warrant. They arrived and delivered the vehicle to the East Wenatchee City Hall impound garage. The vehicle was later secured by Officer Jensen.

Esirae was advised of her Miranda rights by Officer Caballero. She denied any involvement of stealing items. She appeared to be under the influence of a stimulant as her speech was fast and repetitive. She advised she was detoxing and wanted us to let the jail know prior to being booked.

I advised August of his Miranda rights from my department issued card. He stated he understood and did not want to speak with me.

Esirae had multiple outstanding misdemeanor warrants for her arrest which were confirmed by Rivercom. The Chelan County Regional Justice Center agreed to book her.

While waiting for the tow truck to arrive, I asked Esirae about the initial traffic stop. She advised she was aware the police were behind them and then August began "driving crazy". She stated she told him to stop driving like that.

Based on my investigation, I developed probable cause August P. Riveira (DOB 10-3-1993) committed the crime RCW 9A.36.050 - Reckless Endangerment (2 counts) by recklessly engaging in conduct which created a substantial risk of death or serious injury to Esirae and 4B-Child victim

August and Esirae were transported to the Chelan County Regional Justice Center and booked without issue. I later completed a search warrant and sent it to the Honorable Judge Huber via email for review. Esirae and August were both trespassed for 2 years from Fred Meyer at Rachel's request. Anything further will be documented in a supplemental report.

End of report.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

\*\*\*\*\*

INVESTIGATION: On 06/30/2023, at approximately 0949 hours, while assigned to patrol in full uniform and marked patrol vehicle for the City of East Wenatchee, RiverCom dispatch advised of a theft call at 11 Grant Rd; Fred Meyer.

The reporting party and loss prevention employee, Rachel Brese, reported a female and male at the location were trying to push out a cart full of clothes. In addition, Brese stated the female put some items in her purse but it was unknown what was exactly taken. Brese requested a trespass on both subjects and wanted to pursue charges if they did steal items. Prior my arrival, Brese also informed both suspect were associated to a red Chevrolet pickup WA/D54576C. RiverCom dispatch forward me the vehicle return to my mobile data computer and I observed the registered owner was August P. Riveira. I am familiar with Riveira from previous law enforcement contacts. I was aware that Riveira is associated with a female by the name of Esirae F. Bohenstiel.

I responded to this incident and came to a stop at the traffic light on Grant Rd. and State Route 28, east of the intersection facing west. While I was in route, Officer J. Conley advised over the radio the suspect vehicle was now eastbound on Grant Rd. At this time, I observed a red Chevrolet pickup approaching the intersection of Grant Rd. and State Route 28 coming from Fred Meyer. It should be noted, I was the first vehicle stopped at the traffic light and had a clear view of the suspect vehicle. The suspect vehicle made a left turn onto State Route 28 towards Wenatchee. I observed the driver was Riveira and the female in the front passenger seat was Bohenstiel. Based on the information at the time and observing the vehicle matched the suspect vehicle description, there was reasonable suspicion to believe the occupants of the vehicle committed the crimes of theft.

As the vehicle made a left turn, I observed Officer Conley catching up behind the vehicle. Officer Conley was attempting to stop the vehicle, Officer Conley's patrol's lights and sirens were on. I consequently turned on my emergency overhead lights and sirens. I followed behind Officer Conley as we were heading onto the George Sellar Bridge. I observed the suspect vehicle continued westbound and failed to yield for emergency vehicles. In addition, I noticed the suspect vehicle gradually started to pull away from Officer Conley. Based on these factors, indicating the suspect vehicle was not stopping, Officer Conley and I terminated our lights and sirens. We did not engage in a pursuit of the vehicle and the suspect vehicle continued across the George Sellar Bridge. The suspect vehicle exited the off ramp to Wenatchee Ave. There were vehicles ahead of him which caused him to slow down. Officer Conley was able to get behind the suspect vehicle again and turned on his emergency overhead lights. The suspect vehicle slowed down and came to a complete stop after exiting the off ramp.

Officer Conley and I exited our patrol vehicle and conducted a high risk felony stop for eluding. I un-holstered my department issued pistol (Glock 19 SN BETK615) and held it at a low ready position: gun barrel was pointed at the ground. Officer Conley and I used time, distant and shielding by standing behind our patrol vehicle for cover. Officer Conley gave instructions to the driver to exit. The driver later identified as, August P. Riveira, was handcuffed and placed in my patrol vehicle. I gave instructions for the front passenger, later identified as Esirae F. Bohenstiel, to exit and she exited the driver side. Officer Conley gave instructions for her to walk all the way back to our patrol vehicle. I applied handcuffs and placed her in Officer Conley's patrol vehicle. The vehicle was cleared and we located Bohenstiel's [REDACTED] 4B-Child victim in the back seat. She was later picked up by

4B-Child  
victim

Takoda J. Leveque.

I read Miranda rights to Bohenstiel at approximately 1021 hours. Bohenstiel understood her rights and wished to speak to me about the theft at Fred Meyer. I advised her there was a witness that saw her place items inside her bag. Bohenstiel denied this allegation and stated she never took any items from Fred Meyer. I conducted a name records check on Bohenstiel and RiverCom dispatch advised she had a warrant for her arrest. The warrant was confirmed and the jail advised the would accept. At this time, multiple calls were starting to be dispatched back in our jurisdiction. I was faced to having to clear from the scene and drove back to East Wenatchee. Wenatchee Police Officer J. Malone assisted us by transporting Riveira to Chelan County Regional Jail for booking.

I later contacted Brese and she advised Bohenstiel pushed out a cart full of store items. She exited the Garden center and appeared to be waiting for Riveira to pick her up. Brese advised it was at this time when she observed Bohenstiel place items inside her purse. She was unable to describe what was taken but was adamant she placed items inside her purse. Brese advised Bohenstiel left the cart full of items behind and got into the red pickup with Riveira. Brese stated they drove around the Fred Meyer parking lot and went inside again. Brese observed Riveira tried to push out a cart again but did not exit the store due to employees standing by the exit. Bohenstiel grabbed a birthday bag and placed clothes inside. Surveillance video shows Bohenstiel standing near the exit looking outside. Brese advised it appeared she was trying to exit all points of sale but was observed by a Fred Meyer employee at the door. Bohenstiel gave the bag to the employee and exited Fred Meyer.

I completed two trespass forms, one for Bohenstiel and one for Riveira: they were trespassed for two years. End of report.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

3. RCW 69.50.412 - Use Drug Paraphernalia

\*\*\*\*\*

**INVESTIGATOR'S NAME(S):**

1. Officer Conley

\*\*\*\*\*

**INVESTIGATION:**

On 7-1-2023 I was working patrol for the City of East Wenatchee in police uniform while driving a marked police vehicle. The day prior on 6-30-2023, I received a signed search warrant from the Honorable Judge Huber for the vehicle in this case.

The warrant allowed me to search: "Red 1995 Chevrolet K1500 bearing Washington State plate WA/D54576C secured at the East Wenatchee Police Department impound garage 271 9th Street NE, East Wenatchee, WA." The warrant allowed me to search for: "Any and all identifiable stolen property"

At approximately 0557 hours, Officer Caballero and I began to serve the search warrant. I was not able to locate any identifiable stolen property, but located multiple drugs and paraphernalia in a purse on the passenger side of the vehicle. Based on where Esirae was sitting and her admission to being under the influence during the arrest, I believed she was in possession of the items.

I located a small white crystal which I suspected to be methamphetamine. I performed a field test of the substance and it tested positive for methamphetamine. I located a small jewelry box which contained tin foil and four small suspected fentanyl pills. Due to the danger of overdose and exposure, I did not test the suspected fentanyl. Further, I located a glass pipe with a small amount of suspected methamphetamine in the bottom of the bowl.

All the items listed above were collected as evidence. I took photographs of the items and uploaded them to Evidence.com. The search warrant was concluded at approximately 0610 hours. Randy's Towing was dispatched to the location and impounded the vehicle. The tow truck driver was provided with contact information for August. A copy of the warrant, return of service, and inventory log was left on the dashboard of the vehicle.

Based on my investigation, I developed probable cause Esirae F. Bohenstiel (DOB 3-2-1994) committed the crimes RCW 69.50.4013 - Unlawful Possession of Controlled Substance (Meth) and 69.50.4013 - Unlawful Possession of Controlled Substance (Fentanyl). Due to legislation at the time, she was issued two drug referral forms with treatment services in lieu of jail booking. She had not received any other documented drug referrals prior to this date.

Based on my investigation, I developed probable cause Esirae F. Bohenstiel (DOB 3-2-1994) committed the crime RCW 69.50.412 - Use Drug Paraphernalia for using drug paraphernalia to use a controlled substance. She was cited with criminal citation # 3A0321987. I faxed her copy of the citation to the Chelan County Jail where she was still in custody. She was not booked on the charge. She was issued a court date on 7-12-2023 at 0900 hours.

Anything further will be documented in a supplemental report.

End of report.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

1. N/A

\*\*\*\*\*

EVIDENCE:

1. Jail call uploaded to Evidence.com

\*\*\*\*\*

SUSPECT(S):

1. August P. Riveira (DOB 10-3-1993)

\*\*\*\*\*

CHARGE(S):

1. SEE ORIGINAL

\*\*\*\*\*

INVESTIGATOR'S NAME(S):

1. Officer Conley

\*\*\*\*\*

INVESTIGATION:

On 7-3-2023 I was working patrol for the City of East Wenatchee in police uniform while driving a marked police vehicle. At approximately 0030 hours, I I began checking the Intelmate recording system at CCRJC from my desk. I and other Officers have accounts to monitor and listen to recorded calls from

CCRJC inmates. I have made a regular practice of listening to recorded calls.

As part of the booking process, inmates establish a phone account and consent to monitoring and recording their phone calls. During this process, they record a sample of their voice on the recording system computer and establish a PIN for making phone calls. TO make a call, they must attach their voice to the recorded sample via the computer and enter their PIN. Recipients must press a specific key on their phone to acknowledge the call will be recorded and monitored. In this way, both parties give consent to recording.

I listened to a phone call made by August P. Riveira (DOB 10-3-1993) from 6-30-2023 at 1224 hours to Tanya M. Vargas (DOB 7-3-1974). The phone number was 1G-Personal Info The call was three minutes and twelve seconds long.

Starting at the 1:38 minute mark in the phone call, the dialogue was similar to the following:

August:

Well, no. It's not funny. I mean I told her like I had to leave, we had to go and then she doesn't fuckin listen to me.

Tanya:

\*\*Due to volume issues with the call, Tanya's dialogue cannot be clearly heard\*\*

August:

Well no, cause I heard it on the scanner.

Tanya:

That said what?

August:

That the theft was going on or whatever, or something, I don't know.

---

I uploaded the call to Evidence.com.

Based on my training and experience, I knew it was common for persons actively engaging in criminal activity to monitor the police scanner radio traffic to be aware of Law Enforcement's location to avoid detection and apprehension. Further, I believe if August and Esirae were aware of Law Enforcement looking for them, they had enough time to abandon the suspected stolen items.

Additionally, I believe if August was monitoring police radio traffic, he was aware he was already mentioned over the air. The fact he did not stop and continued to drive away without pulling over is uncommon for someone with that knowledge. It should be noted, there were multiple places to safely pull over before driving onto the George Sellar Bridge.

Anything further will be documented in a supplemental report.

End of report.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.
