### Message from requester

Requester + Staff

Hello there,

Sorry for the delayed reply. I was traveling and just received this message. Can I ask approximately how many eluding incidents come up when you perform that search? If it's under 20, we'd like the incident reports themselves since those will clarify whether a vehicle pursuit occurred or not.

Best,

Heather

### Message to requester

Requester + Staff

Dear Requester,

We do not have a search query that is capable of searching across all records for the term "pursuit" or "vehicle pursuit". I can search using the terms, "eluding" or "traffic offense", but there is no guarantee that the search would capture the data you are seeking. If you would like me to proceed using those search terms, let me know so that I can begin processing your request. If you wish to provide alternative search criteria, please advise what those search parameters would be.

Please respond within 30 days of today's date specifying if you wish to proceed with the proposed search terms

or alternative search criteria. If no such response is received from you by that date, your public records request will be considered abandoned and will be closed.

Thank you,

Erin Kelly

Dear Requester,

The policy remained the same in 2021 and 2022 so there were no policy updates. We will do our best to figure out how to extract any pursuit data.

Thank you for your asking.

Hello Erin,

Thank you for your assistance! Were there no policy updates in 2021 or 2022? I see that there aren't pdfs for those years so I wanted to ask.

I really appreciate your thorough search for pursuit data given that your RMS system doesn't produce line-level data. Thank you so much for doing that!

Best,

Heather
