Good afternoon,

I believe that I have everything together for you. With the policy stuff it's too big to email so you will get an email shortly from CommandCentral Records with a link to download the documents. Please let me know if you have any issues getting those files.

Just a note, we went to an online policy tracking program called PowerDMS in 2021. Prior to that I was updating a rather large Word document and trying to track changes. Was just getting too cumbersome and constantly crashing. So, you'll see all the archived versions with the date that they were put out to staff as the published date in the title of each document and then one filed prior to the PowerDMS program. I have one labeled CURRENT for what's being followed at this time.

We track Vehicle Pursuits using a separate form that the pursuing officer fills out and that goes to the Patrol Captain. It's not tracked in our RMS as a vehicle pursuit. Providing copies of those forms to you instead of a list of incidents.

Please reach out if any questions or you need anything further. Happy to help.

Thanks so much,

Katie Ingram
