Narrative**Supervisor Summary**

On 03/06/23 at about 0017 hours Corporal McComas observed a vehicle speeding N/B on Warren Avenue towards Sheridan road. He attempted to stop the vehicle for speeding and when he turned around activating his lights to catch up to the vehicle, the driver turned S/B onto Wheaton Way from Sheridan Road. When the driver made the turn he accelerated and broke traction causing himself to fishtail. It was clear to Corporal McComas that the driver was not going to stop for him so he deactivated his lights and his attempt to stop the vehicle. I watched his dash camera and the driver had a distance on Corporal McComas when he was trying to catch up so he activated his lights and accelerated after it as is common practice for trying to catch a speeding vehicle. When he gets behind it as it is turning onto Sheridan it slows down and appears to be stopping. The driver then turns onto Wheaton Way and accelerates away. Corporal McComas deactivates his lights and slows down stopping on the side of the roadway to make distance between them. There was no turn off the roadway near him without following the path of the vehicle which he did not do so pulling over was his best option to show the driver he was not behind him and was not on the path of the vehicle anymore. Upon reviewing the video and his report I believe Corporal McComas was in compliance with policy and made the correct decision.
