To clarify:

- I am not seeking data from unincorporated King County, just the jurisdictions where a city or municipality has contracted with KCSO for law enforcement services.
- I am also seeking any vehicle pursuit policies that KCSO may be subject to per these contracts, other than KCSO's own policies (e.g. the City of Carnation has drafted a policy for KCSO on how vehicle pursuits should be conducted, or reported, etc. for incidents occurring in Carnation).

Within five (5) business days (excluding holidays) after receiving your request, we will:

- Or Acknowledge your request and give you a reasonable estimate of how long it will take to respond;
- Or Deny the request in writing, stating the reasons for the denial (this could also include a denial of part of your request and a granting of the remainder).

The day the request is received does not count as one of the five (5) days. Weekends and holidays observed by the agency are also excluded in the calculation.

**1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;**

**2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;**

**3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.**

**This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.**
