RE: PUBLIC RECORDS REQUEST of 4/26/2024, Reference # W418949-042624

Dear Shira,

South Sound 911 received a public records request from you on 4/26/2024.

Your request details as follows:

**Type of Record(s) Requested:** Police/Incident Report

**Type of Incident:**

**Municipality:** Eatonville Police Department

**Case/Incident#**

**Incident Details:** I am requesting the following information for Eatonville PD. I requested with them directly but was told to request from South Sound 911.

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
- 3) Reports summarizing and analyzing the vehicle pursuit data for your agency, produced for internal and/or external publication(e.g. periodic reports required for WASPC and/or CALEA accreditation, newsletters, materials provided to government officials) produced between 2019 through 2023.;

Where possible, I would like the records provided electronically. This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny part or all of my request, please cite each specific exemption you feel justifies the refusal to release

the information and notify me of the appeal procedures available to me under the law.

Thank you for your assistance.

Please log in to the Records Center [here](#) to retrieve the appropriate response.

South Sound 911 has reviewed its files, located responsive records to your request and considers this request closed. A clarification letter was sent on 6/12/24 inquiring if you how to proceed with your request as there may be fees associated. We interpret your request to mean you would like a spreadsheet to include a list of the agency, time frame requested where the offense or charge contains "elude" (the offense for "pursuit"). Output includes the case number, report number, occurred on date, offense and agency. If you are looking for something we have not provided please contact our agency at the below address.

In your request under 2) and 3) you are asking for information that would be a referral to the police agency or WASPC directly.

The Public Records Act one-year statute of limitations to seek judicial review has started to run because the agency does not intend to further address the request. We have made every attempt to weed out duplicates or blank pages; however, sometimes these issues do occur.

If you have additional questions about this request, please contact South Sound 911's Public Records Officer in writing within 14 days. Please include your name, request reference number and contact information.

Please mail or deliver your letter to:

Tina Klein  
Public Records Officer  
South Sound 911  
3580 Pacific Avenue  
Tacoma, WA 98418

Sincerely,

Disclosure Unit  
South Sound 911
