me from 214th on SR 410. I estimate the Lexus was traveling at or near 100mph in a 45mph zone as it passed my location. As the vehicle approached, then passed me, there were no marked police vehicles within sight of the suspect vehicle, other than my patrol car. As the Lexus past my location, I observed only one occupant in the vehicle: the driver. The driver was wearing a dark gray colored hoodie over his head, which concealed his face. After the Lexus past me, I activated my emergency equipment: lights and siren and pulled onto SR 410 (eastbound) and attempted to stop the vehicle. The Lexus quickly approached traffic at 234th and SR 410 and disappeared from my line of sight.

As I approached the intersection at 234th and SR 410, I observed citizens pulled to the shoulder of the roadway, all pointing out their driver windows with their fingers, indicating the suspect had continued eastbound on SR 410. I continued with my emergency lights and siren to the 24500 block of SR 410. At this point, I had a better line of sight on SR 410 and could not see the vehicle. I terminated my pursuit of the vehicle and requested Buckley Police be advised of the Lexus. I continued eastbound on SR 410 with the flow of traffic. As I neared the City of Buckley, I could see a police cars emergency lights a half-mile or more ahead of me. I asked dispatch if Buckley Police had located or stopped the suspect vehicle. Moments later, officers were advised the vehicle had crashed in the 28800 block of SR 410 and officers were chasing the driver.

As I was arriving, I was advised Buckley officers had located the suspect and taken him into custody. The suspect was later identified as, Bradley D. Noble (DOB/ 12-19-1996). I observed the same beige Lexus in the ditch on the north side of SR 410. I observed officers with Bradley near a patrol car. Bradley was wearing a dark sweatshirt.

While the collision scene was being investigated, I was advised by dispatch there were several possible collision in the City of Bonney Lake as a result of Bradley's driving. (Please see Officer Marty's report for further details). As a result of Officer Marty's investigation, it was determined probable cause existed for two counts of hit and run.

I spoke with Puyallup Sergeant Blackard by phone and learned the Puyallup Police Department was investigating a burglary. While investigating the burglary, they had located the beige Lexus, which struck a fence and fled from the scene. Sergeant Blackard, said they had probable cause for a hit and run, and felony eluding on Bradley (Please see Puyallup case number 1926701871).

I was advised Buckley Police had determined Bradley was impaired and would be doing a blood warrant for DUI (Please see Buckley Police case number 1926701901).

During Buckley's investigation, Bradley became ill, and Buckley fire was requested to the scene. After being evaluated, it was determined Bradley needed to be transported to the hospital for treatment.

Due to the multiple crime scenes, it was decided the vehicle would be impounded to the Bonney Lake Police Department as evidence. Fred's Towing was requested by Buckley Police. The vehicle was towed and followed by Buckley Police Officer Noronha and me to the Bonney Lake Police Department: 18421 Veterans Memorial Drive, Bonney Lake, WA 98391. (See Buckley Police narrative for further).

Officer Mahlum was the primary officer in this incident and completed the general report and charging. Bradley was charged with, one count of Felony Eluding, two counts of hit and run, driving on a suspended license, and a trip permit violation. A booking sheet was completed and faxed to Pierce County Jail.

At approximately 0019 hours, Buckley Police returned with a warrant to process the car. After the car was processed, Fred's Towing returned and picked up the vehicle.

Please see the Buckley Police Report for details of items recovered from the warrant service.

I took no additional action on this incident.
