## Narrative

### Supervisor Summary

RCW: Attempting to Elude - Refers to the actions of a vehicle operator who after being given a visual or audible signal to bring the vehicle to a stop fails or refuses to immediately stop the vehicle and drives in a reckless manner while attempting to elude a uniformed officer operating a pursuing police vehicle that is equipped with emergency lights and siren (RCW 46.61.024).

#### BPD POLICY 313.3.2 WHEN TO TERMINATE A PURSUIT as of 02/12/22

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit, officers shall immediately stop following and take the first turn off the suspect's path to get out of the suspect's line of sight. This is to encourage the suspect to slow their escape.

Only a supervisor may authorize further attempts to stop a previously terminated pursuit. This includes pursuits terminated by other agencies.

Based on the above criteria with the recent policy change, (02-12-2) this incident would be out of policy for the following reasons:

The officer did not take the first turn off the suspects path to get out of the line of sight of the suspect. The officer instead pulled over to the side of the road and deactivated his emergency equipment to break contact with the suspect.

The officer attempted to re-engage the car, after it fled the first time. It is in question if the operator would have seen the emergency lights on the patrol car, the first time, but it was driving recklessly and fled the 2nd time. After the officer had pulled over and stopped, the officer re-engaged following the car at a distance without supervisor approval.

I spoke with the officer involved and learned he was on his routine days off when the policy changes came out. He came to work on the 15th, and had not yet reviewed the policy changes which came out on the 12th. I advised him to review the latest policy changes as they related to vehicle pursuits, firearms, use of force and canine policies. He advised he would review the policies promptly. No further action taken other than notation in supervisory notes file.

Note: The vehicle was towed for a search warrant.
