**Subject:** [Records Center] Sheriff's Office Records Request :: S027611-021424

**Body:**

Heather Kelly

Dear Heather Kelly:

In accordance with the Public Records Act (PRA), RCW 42.56.520, this letter acknowledges receipt of your PRA request, submitted to and received by Thurston County TCSO-PDR Section on 2/14/2024.

This request has been assigned tracking number S027611-021424. Please use this number in any communications concerning this request.

Specifically, you requested:

*On 11/28/23, I submitted public records request number S026433-112823. In it, I asked for "monthly counts of vehicle pursuits involving the Thurston County Sheriff's Office from 1/1/19 through 11/30/23." I received a list of monthly pursuit totals from Oct. 2021 through Nov. 2023.*

*I am requesting clarification as to why no data was provided for the entire time period I requested. Specifically, I was not given pursuit data for 1/1/19-09/30/21. Were there any pursuits during that period?*

*Thank you!*

A review of the request S026433-112823 shows that within the letter it states the following: "We do not maintain a spreadsheet or table for the data you are requesting, and do not have data for the dates you have requested. We did, however, go through and count to create the list provided on the document in the attachments."

Our agency is required to follow RCW and WAC codes related to release and providing records for public inspection. The agency is not required to create a record it does not have, but we chose to make the effort to produce data for the most recent two years that were available.

#### **WAC 44-14-04003**

**(6) No duty to create records.** An agency is not obligated to create a new record to satisfy a records request. However, sometimes it is easier for an agency to create a record responsive to the request rather than collecting and making available voluminous records that contain small pieces of the information sought by the requestor or find itself in a controversy about whether the request requires the creation of a new record. The decision to create a new record is left to the discretion of the agency.

Hopefully, this explains why you were provided the data from October 2021 to November 2023.

Sincerely,

Lesa Pickett  
Support Supervisor
