INVESTIGATOR'S NAME(S):

1. Officer L. Jensen 1DO22

INVESTIGATION:

On 04-18-2022 at approx. 1458 hours, I was working uniformed patrol for the City of East Wenatchee as 1DO22. I was driving a fully marked East Wenatchee Police vehicle equipped with a light-bar and siren. I was also equipped with and operating my body worn camera.

On the listed date and time, I responded to the corner of 9th St. NE and Valley Mall Parkway because of a call in Wenatchee of Gun Shots. The next comment on the call stated, additional callers advised a red car has crashed and thinks the driver is deceased. The suspect vehicle was a white Mercury Grand Marquis leaving the scene in an unknown direction.

I used my department issued cell phone to observe what exactly a Grand Marquis looked like. When arriving at 9th St. NE and Valley Mall Parkway. I observed two older Grand Marquis parked on the north side of the intersection. I turned into Discount Auto Glass on the North East corner of the intersection. While running the plates for these two vehicles, While listening to the radio I heard the white Grand Marquis had the a license plate with "AUL". At this time, Officer Sheats was on the south side of 9th St. NE and Valley Mall Parkway. I had a clear view of Sunset highway, Valley Mall Parkway and 9th St. NE from where I was parked facing westbound in the parking lot straddling the walkway. I noticed the white Grand Marquis pass right in front of my position heading northbound.

At approximately 1508 hours, I pulled out of the parking lot and continued northbound following the white Grand Marquis driving at the posted speed limit. I was able to see the license plate for a couple second before the Grand Marquis turned off of Valley Mall Parkway and I could see the license plates letters were "AUL". The Grand Marquis turned eastbound on 11th St. NE and immediately started to speed up, driving outside the normal traffic laws. I advised other units the vehicle was driving outside normal traffic laws by accelerating and

picking up speeds. When the Grand Marquis approached 11th St. NE and Baker Ave. the Grand Marquis did not stop at the stop sign, nor use its turn signal and turned northbound on Baker Ave. There was a SUV as well approaching from the south heading northbound that had to slam on its breaks to avoid a collision with the white Grand Marquis.

At this point, I attempted to initiate a traffics stop. I turned on both lights and siren then started pursuing the Grand Marquis northbound on Baker Ave. I was the first vehicle in the pursuit as Officer Sheats was second in the pursuit. Officer Sheats was able to give out radio traffic, while I focused on the driving and keeping up with the suspect vehicle the Grand Marquis. While driving northbound pass two different schools elementary schools, Lee Elementary and Cascade Elementary the Grand Marquis was hitting speeds well above 100 mph. When the Grand Marquis passed through the intersection of 19th St. NE and Baker Ave. I could see the Grand Marquis loose control a little bit and almost go off the roadway. The Grand Marquis regained traction and continued at a very high rate of speed. After the Grand Marquis passed through Cascade Elementary school and continued up the hill towards 27th St. NE. I advised all units stating, we are approaching Baker Ave and Eastmont Ave.

After giving my last radio traffic out I passed through the intersection of 27th St. NE and Baker Ave. The Grand Marquis took a sudden and quick turn eastbound onto the north entrance of N. Westview Dr. I started to slow down as I knew this road was not a through street. When I arrived at the north entrance of N. Westview Dr. I observed the vehicle. The Grand Marquis had taken the turn extremely wide, nearly hitting a tree and a boat. The Grand Marquis was now facing southbound and had collided with a chain link fence.

I turned my vehicle eastbound onto N. Westview Dr. and noticed two males jump from the vehicle. I would describe these two males as wearing black hoodies, with black pants. They both ran southbound onto N. Westview Dr. I used my in-car radio stating, foot pursuit, foot pursuit at approximately 1510 hours. When I jumped out of my patrol vehicle, I noticed my vehicle was not in park. I jumped back into my vehicle and put the vehicle in park. I then jumped back out of my patrol vehicle and drew my department issued handgun. I was unsure if these two suspects were still armed. I advised who I was as "Police Department".

While making my way to the corner of the north bend in the road, I noticed a child at the south bend of N. Westview Dr. I asked the child if the suspects were down near him, or if he had seen anyone. The child said he had seen no one. I was able to look up the hillside to the east and not see anyone and after the child said he had not seen anyone. I knew the only place the suspects could run to were the houses now to my right just west of me. At this time, a male in a truck who was driving by southbound on Baker Ave advised myself and Officer

Sheats that one male had ran out in front of his vehicle running southbound on Baker Ave. Officer Sheats went to search Baker Ave. while I continued southbound on W. Westview Dr. I arrived at the south corner of W. Westview Dr. where the child was standing. I was able to hold at this location and made sure the child got to a safe location. I was able to noticed that a few dogs in the residence of [REDACTED] 1G-Personal Info would not stop barking and was very concerned that one of the suspects was in or around this house.

At approximately 1514, while standing behind a small set of logs for cover I noticed a male walking out from between 2714 and 2716 with a red bike. I advised all units of what I had just observed. I asked the male where he was coming from. The suspect did not respond to me and sat in the middle of the drive way. I asked the suspect to come to me and he started walking with the bike towards my location. I asked him where he lives and what is his address. The suspect stated he is staying right here with his friend and pointed back at 2716. I asked him to tell me the address of the place he is staying. The suspect did not say a word and just looked at me. I asked him again to tell me the address of where he is staying. He said nothing. I also had the suspect stay were he was as he kept walking closer and closer to me which I did not like with the lack of cover I had with a potential murder suspect.

I told the suspect to put the bike down, he immediately through his leg over the bike sat on the bike and started pedaling away. I advised all units, I had the suspect running, I told the suspect to "stop right there" and took off running after the suspect. The suspect road the bike southbound through a grass yard of [REDACTED] 1G-Personal Info. I also noticed Officer Gregory running across the street and going to assist me with apprehending the suspect. At the intersection of 27th St. NE and Baker Ave Officer Gregory deployed his department issued taser and used it to stop the suspect from getting away. The suspect was not able to continue riding the bike and crashed in the street.

I controlled the suspect with a side control maneuver and together with Officer Gregory and Officer Ward I frisked for weapons and we placed hand cuffs on the suspect. We placed the suspect on southeast corner of the intersection and had him in a seated position.

The suspect was later identified as Benito E. Licea DOB 03-25-1999 and I read him his Miranda rights off my department issued Miranda Card.

END OF STATEMENT

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

INVESTIGATOR'S NAME(S):

1. T. Sheats

INVESTIGATION:

On 04/18/2022, I was working patrol for the East Wenatchee Police Department. I was in full uniform which includes East Wenatchee Police patches on the left and right shoulder, a large "POLICE" patch attached to the rear of my outside vest with a soft police badge on the front along with a name tag with my last name.

I am assigned a fully marked patrol vehicle which is outfitted with operational emergency lights and a siren. The patrol vehicle is clearly marked with "POLICE" and "East Wenatchee" on both the driver's side and passenger side. I am clearly identifiable as a Police Officer and my assigned car is clearly identifiable as a Law Enforcement patrol vehicle. I have an Axon 3 body worn camera and video footage is uploaded to evidence.com if applicable.

At approximately 1458 hours, I saw a Stab/Gunshot call on my MDC screen. The incident had just occurred at [REDACTED] 1G-Personal Info in Wenatchee, WA. As information came in, I reviewed the call details on my MDC and I also monitored traffic on the radio. As Officer in charge, I notified Rivercom Dispatch East Wenatchee PD had an available officer if they needed one.

While reviewing the call details, I read the victim was shot multiple times and at least one time in the head. Witnesses described the suspect vehicle as a white Mercury Grand Marquis. Knowing there is a very small number of white Grand Marquis in the Wenatchee Valley, I began to head to the George Sellar Bridge. I positioned my patrol vehicle on the east side of the bridge, facing west and I began a local search in Spillman for White Mercury Grand Marquis. Shortly into researching local vehicle, I looked up and I observed a white passenger vehicle coming towards my location. The vehicle was in the inside lane and then switched to the middle lane as it got closer to my location. I noticed the vehicle was a Mercury Grand Marquis and there was at least a driver and a front passenger in the vehicle. Both the driver and the passenger appeared to be younger Hispanic males wearing darker colored clothing.

I had arrived at the George Sellar Bridge within 4 minutes of the shooting call being dispatched and the vehicle I observed coming from the bridge was driving away from the direction of the 800 block of Methow Street. I also knew there only was a very small number of similar vehicles locally in the Wenatchee Valley. The time and distance were also key factors into believing this was the suspect vehicle.

I noticed the vehicle take the East Wenatchee exit, headed towards the Sunset Highway or 6th Street exit. I had to safely cross a couple lanes of traffic and I began to follow the suspect vehicles path. I noticed a patrol vehicle near the bridge and I believed Officer Jensen was in the area. I notified him that I observed a white Grand Marquis and the vehicle was headed either towards Sunset Highway or the 6th Street exit. I took the 6th street exit and I then headed north on Valley Mall Parkway as I did not observe any white Grand Marquis headed south. I approached the intersection of 9th and Valley Mall and I observed Officer Gregory on Sunset Highway, headed north. I observed the white Grand Marquis began to head north on Valley Mall Parkway and I notified the other officers of the vehicles location. Officer Jensen was able to pull right behind the vehicle from the 900 block of Valley Mall Parkway and I was 2 vehicles

behind Officer Jensen.

Officer Jensen and I began to trail the suspect vehicle and the vehicle turned east on 11th Street Ne. I observed the suspect vehicle begin to accelerate up 11th Street. I then heard Officer Jensen say the vehicle was speeding away from him. The suspect vehicle failed the stop at the posted stop sign at 11th St Ne and N. Baker Ave and gained acceleration as they headed north on N. Baker Ave now. Officer Jensen and I activated our emergency lights and the vehicle continued to flee from us. I also activated my emergency siren along with emergency lights.

Believing the vehicle was involved in the attempted murder of at least 1 suspect, Officer Jensen and I continued to pursue the white Grand Marquis. The suspect vehicle accelerated to speeds over 80 MPH. At the time, traffic on the roads was light and the weather was clear with a slight light drizzle. I attempted to radio to other units that we needed spike strips at 19th Street and N. Baker Ave but the suspect vehicle was traveling too fast for any of the incoming units to set up spike stripes. The vehicle passed several other vehicles that were on the road and put several people in danger that were in the area of the pursuit.

The vehicle continued past 19th Street NE and N. Baker Ave without stopping. I lost sight of the suspect vehicle and Officer Jensen for a second until I observed Officer Jensen turning around in the 2700 block of N. Baker Ave. Officer Jensen then parked his patrol vehicle at N. Baker Ave and N. Westview Drive. I arrived and I observed the white suspect vehicle had crashed into a fence at [REDACTED] 1G-Personal Info. I noticed the passenger door was open and the vehicle was now unoccupied.

I grabbed my patrol rifle and headed around the corner on Westview Drive. Officer Jensen headed further south on Westview Drive and we attempted to set up a perimeter. I observed two homeowners which were to my northeast location motion to me that the suspect had fled to the south. There was also a male subject in a truck that stopped and told me had seen a subject running down 27th Street Ne. Because it was unknown if there were other suspects still outstanding, I maintained my position near the [REDACTED] 1G-Personal Info residence.

Chief Johnson arrived on scene and set up an incident command just north of our location. As Officers began arriving in the area for perimeter, we received additional calls from witnesses that observed subjects running in the area. I received a page for all SWAT officers to respond to the location. I had my SWAT gear in my patrol vehicle and I geared up and waited for additional SWAT officers to arrive.

While waiting for additional units, I overheard officers state there was a subject leaving the residence at 2714. I looked towards that residence, and I observed a subject walking a bike out of the backyard and towards the street. Officer Jensen confronted the subject and I heard him ask what the address was where he had just left. Officer Jensen asked him several times and began to approach the suspect. I then observed the suspect jump on the bike and attempt to flee. I got on the radio and notified other units there was a suspect fleeing south on N. Baker Ave. The suspect was later tased by Officer Gregory and apprehended. The suspect's name was later learned to be Benito E. Licea.

Myself and other SWAT officers checked the residence at [REDACTED] 1G-Personal Info and it was secure. We then checked [REDACTED] 1G-Personal Info and the front door was unlocked. Officers learned the house was unsecure after the homeowner arrived back home. Officers searched the residence, and it was clear from any subjects.

I learned the second suspect was apprehended by other patrol units after the suspect jumped into the Columbia River to avoid apprehension by Law Enforcement.

During the incident, my body camera was shut off on accident when I arrived on N. Baker and N. Westview and it was immediately started again.

On 04/19/2022, I stopped by Eastside Pawn Store to retrieve video from the suspect vehicle as I believed it went north on Valley Mall Parkway in front of the store. After retrieving video from one of the employees, the suspect vehicle is actually seen driving east on 9th Street Ne and then turning north on Valley Mall Parkway before Officer Jensen pulls behind it. The video was uploaded to evidence.com. I then contacted Angela Ernest at the Eastside Adult store. Ernst was able to provide video footage facing Valley Mall Parkway but the quality of the video is not very good. That video was also uploaded to evidence.com. I next contacted Serio Arriaga who owns Wenatchee Valley Auto detailing in 900 block of Valley Mall Parkway. I was able to video security footage camera angles that point towards the street but it appears there was no recorded footage of the suspect vehicle. It appears the hard drive to the security system was full and was not recording. This concludes my involvement in the case.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

INVESTIGATION:

On 4/18/22, at approximately 1950 hours, I was working patrol for East Wenatchee Police Department. I was wearing full Police uniform and driving a marked patrol vehicle. At that time Witness **1C-Endangerm** **1C-Endange** contacted RiverCom and advised that she had witnessed part of the vehicle pursuit as it traveled northbound on N. Baker Avenue crossing 19th Street NE.

1C-Endanger stated she had been driving as she saw the police vehicles pursuing a vehicle at a high rate of speed. She said she pulled to the side of the road as they approached her location. As the white passenger car the police vehicles were pursuing drove by she saw a small dark object thrown from the passenger side window. She advised that the object was thrown towards the east side of the roadway in the direction of a drainage pond. She described the area as being just north of the intersection of N. Baker Ave and 19th Street NE.

I responded to the location to search the area. In the described area there was a gravel water collection drainage basin. I began searching the described area and located a black cell phone sitting in the rocks. The cell phone had a shattered screen and the screen appeared to be clean, as if had not been sitting there very long. The phone was photographed in the location it was discovered and then collected as evidence.

The phone was a Samsung brand with no visible serial number on the exterior. The sim card door appeared to be open and the sim card was missing. Based on the location where phone was discovered, the condition of the phone, the description of the location and appearance of the object thrown provided by the witness, I believed the collected phone was thrown from the suspect white Grand Marquis.

The phone was transported to EWPD, where it was packaged and booked as evidence.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

INVESTIGATION:

On 04-18-22 at about 1949 hours [REDACTED] 1C-Endangerment [REDACTED] called RiverCom to report seeing the subject in the fleeing vehicle throw something out the window in the area of 19th ST NE and N Baker Ave.

I called [REDACTED] 1C-Endangerme [REDACTED] and she explained that she was in the area during the pursuit of the White suspect vehicle associated with this call as it fled from law enforcement. While watching the vehicle she witnessed an object thrown from the vehicle into a water retention pond area north of the intersection of N Baker Ave and 19th ST NE.

Ofc. Lane and I began searching the area and immediately located a cell phone in the water retention area. The phone was damaged, but it appeared to be recently placed there due to lack of dirt and dust.

Ofc. Lane secured the phone as evidence and placed it into EYPD property lockers.

Ofc. Lane and I did an additional search of the area around the pond but found nothing of evidentiary value.

This ended my involvement in the case.

This document is being submitted to a judge, magistrate, court and/or prosecutor

INVESTIGATOR'S NAME(S):

1. Officer I. Cooper 1DO11

INVESTIGATION:

On 4/18/22 at approximately 1511 hours, I, Officer Isaac Cooper, was on duty fully uniformed in East Wenatchee Police patrol attire in a marked patrol vehicle, equipped with emergency lights and sirens. At this time, Officer Sheats requested for extra units to set up perimeter at Westview Drive and N Baker Ave in East Wenatchee. I was informed a shooting occurred and multiple suspects fled and were potentially hiding in the area. Chief Johnson, set up an incident command post near the area, which I immediately responded to.

At the command post, Assistant Chief Hampton, a commander for the East Cascade Regional SWAT team, informed me to gear up because there was a potential barricade. I was informed the suspects were possibly hiding inside a residence at the 2400 blk of Westview Drive. I geared up into my SWAT kit, which displayed my name and "Police" on the back and front. I held perimeter containment at the northwest side of the block until further direction. Assistant Chief Hampton requested for the East Cascade Regional SWAT team to be paged out.

While I was at perimeter, I was informed a suspect fled southbound on Westview Drive and was arrested by containment on the south end of the block. It was unknown if any other suspects were still in the area at this time. I activated my body camera to record while at perimeter.

While at perimeter, a female resident at [REDACTED] 1G-Personal Info came outside and informed me her husband saw at least two suspects run southbound around her residence on Westview Drive. She informed they did not enter her residence. She advised she was not sure if the playhouse on the north side of her residence was entered. She provided us permission to search it. I asked her to remain safely inside.

The rest of the SWAT team gathered at the command post for a briefing. I was informed my responsibility was to search the exterior property at [REDACTED] 1G-Personal Info. Officer Magnussen, Deputy Eakle, and I searched the exterior of the property, including the playhouse and an unlocked tool shed on the east side of the property. The area was cleared and no suspects or evidence were found.

I was then assigned to assist with entry into [REDACTED] 1G-Personal Info to search for any outstanding suspects or evidence. The entry team approached the front door and observed it was locked. There appeared to be no indication the home was entered. Due to the locked door and information that dogs were inside the home, the entry team was informed by Team Leader Lewis to cancel the entry attempt.

During the investigation at Westview Drive, I was informed a suspect was located on the Loop Trail. I was informed the suspect was placed into custody. After our search through the area of Westview Drive, SWAT team members were requested to search the area of the Loop Trail, where the suspect was located, for any discarded evidence. I assisted with the search for evidence on the Loop Trail but nothing was found.

This concluded my involvement with the case.

End of report.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

SUSPECT(S):

1. Andrew F. Morrow (DOB: 10-16-96)

CHARGE(S):

1. N/A

INVESTIGATOR'S NAME(S):

1. J. Virnig #1DO8

INVESTIGATION:

On 04-18-22 at approximately 1510 hours, I was called in by CRDTF Sergeant Miller to assist with a

homicide that occurred in Wenatchee.

I was monitoring the call and it appeared EWPD was actively pursuing the suspects in East Wenatchee. I geared up (police vest, duty belt) and responded to Sunset Hwy and 27th St NE where containment was set up. I observed in the call that one of the suspects was arrested at 27th St NE and N. Baker Ave and the other suspect had fled down (west) on 27th St NE.

A call came in from a resident at [REDACTED] 1G-Personal Info that a young Hispanic male, hands in pocket, black shirt, blue jeans, gold chain, and mole, tried opening her door and left towards 27th St NE (northbound). I and other units responded to the area of [REDACTED] 1G-Personal Info. As we got to the area, I was told the suspect had left northbound about 10 minutes prior.

I drove towards the 27th loop trail access point where I overheard DCSO Deputy Lemons on the radio advising a suspect was running from him on the loop trail near 23rd St NW.

I drove southbound on the loop trail from 27th St NW. I observed DCSO Undersheriff Caille, DCSO Deputy Lemons, and CRDTF Detective Peterson actively pursuing the suspect southbound in about the 2300 blk of the loop trail. I pulled ahead of them and exited my vehicle. I observed the suspect had jumped into the river and was about 50 to 75 yards off the shoreline.

Detective Peterson, Deputy Lemons, and I walked down the embankment to the river's edge. We were trying to motivate the suspect to swim back towards the shoreline to us. After several minutes, it was apparent the suspect needed help to get to shore. The suspect was clearly struggling and asking for help. He was struggling to keep his head above water and we suspected hypothermia was setting in.

Detective Peterson and I took off our gear and entered the water while we had Deputy Lemons and other units provide cover for us. We utilized a long branch to extend our reach to the suspect. The suspect grabbed ahold of the branch and we pulled him in towards us.

Detective Peterson and I took control of the suspect and got him out of the water. Deputy Lemons placed handcuffs on the suspect and the suspect was escorted up the bank into CCSO Deputy Tuengel's custody. The suspect was identified as Andrew F. Morrow (DOB: 10-16-96).

At approximately 1700 hours, CRDTF Sergeant Miller, Detective Sund, Detective English, Detective Peterson, and I conducted an article search of the riverbank/loop trail from 27th St NW to 23rd St NW. Detective English recovered blue jeans along the riverbank in about the 2400 blk of the loop trail.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

INVESTIGATOR'S NAME(S):

1.

INVESTIGATION:

On 04/18/22 at approximately 1500 hours, I Officer K Gregory of the East Wenatchee Police Department, heard radio traffic while scanning Wenatchee Police Department of an in-progress shooting occurring in their city limits near 1G-Person

1G-Personal

I drove near the George Seller Bridge to attempt to locate the suspect vehicle if it crossed the bridge. Rivercom dispatch gave a description of an older white Mercury Grand Marquis with a partial registration.

I heard Officer Sheats on the radio stating he had a matching vehicle pass his location as he was sitting near the east side of the George Seller bridge. Officer Sheats radioed to the other East Wenatchee units what he had witnessed.

Officer Jensen advised he witnessed the vehicle pass his location at 9th St NE and Valley Mall Pkwy. Officer Jensen got behind the vehicle as it continued north on Valley Mall pkwy. Officer Jensen and Officer Sheats were behind the vehicle as it went east on 11th St NE. Officer Jensen attempted to initiate a traffic stop near 11th and N baker Ave. The white suspect vehicle failed to yield to the traffic stop. Officer Jensen advised he was in pursuit. Officer Sheats advised he was the second unit behind Officer Jensen, he was calling the pursuit.

I continued to scan the radio traffic and heard Officer Sheats ask for spikes at 19th St and Sunset Hwy. I activated my emergency lights and drove to 19th St NE to attempt a spike strip deployment. As I arrived at 19th St, I heard Officers continuing north on N. Baker. I continued scanning the pursuit as it continued north. I heard Officer Sheats with radio traffic stating the suspect vehicle had crashed at N Baker Ave and N Westview Dr. Officer Jensen radioed he was in a foot pursuit as the driver and passenger left the white vehicle.

As I arrived at the intersection of 27th St NE and N Baker Ave, I was contacted by a resident standing on their deck at 1G-Personal Info. The female at the residence stated she was standing on her deck and noticed a male in dark clothing run down 27th St towards Sunset Hwy prior to my arrival.

Officer Sheats and Officer Jensen stated one of the suspects from the pursuit vehicle had run into the residence at [REDACTED] 1G-Personal Info [REDACTED]. It was decided due to the severity of the crime, patrol units on scene would set up perimeter and wait for a swat deployment.

After approximately 40 minutes on scene as a perimeter unit, I heard Officer Jensen yelling commands to a male leaving the area of [REDACTED] 1G-Personal Info [REDACTED] residence. The male was dressed in dark clothing pushing a bike and wearing a bicycle helmet. Officer Jensen attempted to identify the male asking where he lived and what his address was. The male failed to answer simple questions, Officer Jensen told the male to drop the bike and come talk to him. The male stopped pushing the bike, got on it and started peddling away to flee the area. It was apparent the male was the suspect hiding near the location.

I heard Officer Jensen say he had a male running from him. I looked to his location from where I was standing at the corner of 27th ST NE and N baker Ave. I ran towards the male fleeing on the bike with my taser drawn in my right hand. I told the male to stop, he failed to listen to my commands attempting to flee past me. I ran behind the male on the bike and activated my taser. I hit the male in right quadrant of his back. I was able to get full neuromuscular incapacitation (NMI) with the male on the bike. Due to the NMI, the male fell off the bike hitting the concrete causing an abrasion to the side of his face. The male continued to flail and roll on the ground while being in NMI. I was unable to see if the male was armed or attempting to access a weapon. In my training and experience, a suspect acting in this manor would be attempting to fight through NMI or defeat the taser. As I was holding the activated taser, I also attempted to stop him from rolling by placing my foot on him. As I was reaching out with my foot, I hit the male in the side of the face with my foot. Officer Jensen was able get restraints on the male as me and Wenatchee Officer Ward assisted with controlling his arms. After Officers had the male suspect in restraints, he was read his Miranda warnings. The male advised he wanted an attorney and didn't want to talk to the Police.

After the male was assisted in the upright position, Officer Ward called dispatch to send an EMS unit to check for injuries and pull taser probes. Shortly after the EMS request, Ballard paramedic supervisor Dan Craig arrived on scene. Dan checked the male's injuries and stated they were minor and there was no need to transport. Dan was also able to pull the taser probes per East Wenatchee policy. The male was not transported for any injuries. During the incident, East Wenatchee Officers inadvertently forgot to bag the taser probes for evidence before leaving the scene. I was able to collect the taser cartridge #X4924133K and place it into evidence.

Wenatchee Officer Ward transported the suspect to Chelan County Jail. I continued to assist with traffic control near the crime scene as Officers

continued the investigation. This concluded my involvement in this incident.

This document is being submitted to a judge, magistrate, court and/or prosecutor from an electronic device that is owned, issued and/or maintained by a criminal justice agency.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

EVIDENCE:

1. Axon body video.
2. Black Columbia wallet containing SS card belonging to Benito E. Licea
3. Black & silver Raider's hat
4. Black Locs sunglasses

CHARGE(S):

1. Residential Burglary

DOMESTIC VIOLENCE: N/A

REQUIRED VICTIM QUESTIONS: (Type in Victim's responses)

1. Are there any firearms or ammunition in the home that are owned or possessed by either party?
2. Does the alleged abuser have access to any other firearms located off-site? Where?
3. Does the alleged abuser have an active concealed pistol license (CPL)?

OTHER REQUIRED INFORMATION:

1. What is the relationship of the parties involved?

2. Do the parties currently live together or have they lived together in the past?

3. Do the parties have children in common?

INVESTIGATOR'S NAME(S):

1. J. Brandon Johnson

INVESTIGATION: On Monday April 18th, 2022 at approximately 1458 hours, Wenatchee Police Department was dispatched to a Stab/Gunshot call in the 800 block of Methow St. Wenatchee, WA.

Upon shortly arriving at the scene, Wenatchee Police Department learned there had been a shooting between two vehicles, later identified to be a red Honda Civic bearing WA License# BVE1808 and a white Mercury Grand Marquis bearing WA License#AUL4645.

At approximately 1508 hours, East Wenatchee Police Units radioed that they were pursuing a white Grand Marquis that was fleeing from them. At approximately 1510 hours, Ofc. Sheats radioed that the white Grand Marquis that had fled from them had crashed at Westview Dr. and N. Baker Ave. It was advised two male subjects wearing all black had fled from the crash scene and were last seen wearing black pants and black hoodies.

Units at the scene quickly learned one of the suspects entered a residence on Westview Ave., while the other suspect had run west towards Sunset Hwy. Because of the time, location, and unknown where the suspects truly were, Cascade Elementary School was put on lockdown.

Upon arriving in the area, I checked the area between 2700 block of Sunset Hwy. to the 2600 block of Sunset Hwy. for the suspect that had fled west. I located one male matching the description given but upon contacting him and his friends, quickly learned they were not involved.

I was then tasked to assist Ofc. Jacobsen in doing a security sweep of Cascade Elementary before working with staff on safely reuniting the kids with their parents.

Upon arriving at Cascade Elementary School, Ofc. Jacobsen and I met with school staff and coordinated a plan of moving the children from their classrooms to the gymnasium so they could be released to their parents.

Ofc. Jacobsen and I then went and escorted classrooms one-by-one to the gymnasium.

After completing the security sweep and moving all the children to the gym,

I set up a roadblock just north of Cascade Elementary. While there, I was contacted by the homeowner of [1G-Personal Info] identified to be [1C-Endanger] [1C-Endanger] informed me he was the homeowner of [1G-Personal Info] and believed one of the suspects had entered his neighbor's house. [1C-Endanger] later informed me, his wife was up near the command post and had discovered a bike was stolen from their garage, identified to be a maroon Trek mountain bike. In addition, [1C-Endanger] stated his wife had said the suspect on the bike, later identified to be Benito E. Licea, was wearing some of his clothing.

After SWAT units had cleared 2716 Westview Dr. I was assigned to assist WPD Detective Drolet. As I was assisting Det. Drolet, I was alerted by [1C-Endanger] when he believed one of the suspect's entered his residence because he noted the front door was unlocked and the door between the house and garage was wide open. [1C-Endanger] stated he has been having issues with the front door not properly locking and that the door between the garage and house is never left open.

SWAT was notified and it was confirmed they had not searched [1C-Endanger] residence.

At approximately 1726 hours, SWAT entered into [1G-Personal Info] and executed a security sweep of the residence.

At the completion of the security sweep, I was informed by CCSO Deputy Risdon, they had located a wallet in the upstairs master bedroom, a Raider's hat in the downstairs laundry room, and a pair of sunglasses in the backyard all belonging to the suspect.

The discovery of items left behind in [1C-Endanger] residence by Mr. Licea was then passed on to the incident commanders.

At approximately 1830 hours, I assisted Douglas County Sheriff's Office Deputy Williams with collecting the items left in [1C-Endanger] residence during the burglary. See incident 22D01761.

A permission to search form was signed by [1C-Endanger] before I advised him of his Ferrier Warnings. In addition, [1C-Endanger] was informed that he was being audio/video recorded. I took photographs of the scene.

At approximately 1842 hours, we, along with [1C-Endanger] entered his residence. Upon searching the master bedroom, a black Columbia trifold wallet was found in the upstairs bedroom on [1C-Endanger] dresser. [1C-Endanger] confirmed the wallet was not his. Inside the wallet was a Social Security Card and Coordinated Care Insurance card with Mr. Licea's information on it. At approximately 1850 hours, I collected and bagged the black wallet.

A black Raider's hat was found downstairs on a chest freezer in the laundry room. At approximately 1904 hours, I collected and bagged the black and silver Raider's hat. We were also notified by 1C-Endanger that a black pair of his large, black Under Armour sweatpants were missing from the laundry room.

A pair of black Locs sunglasses were also found in the fenced backyard near the gate on the northeast corner of the backyard. At approximately 1910 hours, I collected and bagged the Locs sunglasses.

1C-Endanger confirmed the three items we had collected did not belong to him. 1C-Endanger further informed us he noticed several items inside his residence had been moved or were out of place. 1C-Endanger stated he did not give Mr. Licea permission to be in the residence and wished to pursue charges.

At approximately 1930 hours, I transferred all the collected evidence to Dep. Williams custody.

This report is being forwarded to the Douglas County Prosecutor's Office for review.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (RCW 9A.72.085)

INVESTIGATOR'S NAME(S):

1. Chief Rick Johnson

INVESTIGATION:

On April 18th at approximately 1458 hours, I was in my unmarked patrol car on Valley Mall Parkway. Assist Chief Erik Hampton was with me. My radio was scanning all area radio traffic. I heard River Com dispatch Wenatchee P.D. to a "shots fired" call. A male with a gun shot wound was reported to be in the area of Methow Park. Moments later River Com put out a suspect vehicle description of a white Mercury Grand Marquis. Officers from the East Wenatchee Police Department immediately responded to the area of George Sellar Bridge, which is the south access from Wenatchee to East Wenatchee.

Approximately 2-3 minutes later Officer Sheats advised via radio he had located a vehicle matching the suspect vehicle description. The vehicle was reported to have come off of the George Sellar Bridge, and was now on Valley Mall Parkway. Officer Sheats momentarily lost sight of the vehicle but quickly relocated it. Officer Sheats advised via radio the vehicle was immediately trying to get away from him. When Officer Sheats activated his emergency lights the vehicle took off at a high rate of speed north bound on Baker Street. Officer Sheats had Officer Jensen with him.

When I arrived on Baker St, from 9th St NE, I could see the pursuing units were already 10 blocks ahead of us. Officer Sheats estimated the suspect vehicle speed to be over 80 MPH. Moments later Officer Sheats advised the suspect vehicle had crashed and it sounded like suspects were fleeing on foot. I advised River Com to call Cascade Elementary and have them "lock down". Moments later AC Hampton and I were passing Cascade Elementary. I could see students were already making their way to the waiting buses. AC Hampton and I pulled into the school and told the staff they needed to lock down right now. As soon as I could see staff was moving the kids back inside of the school we continued to the location of the vehicle crash, which was approximately 3-4 blocks from Cascade Elementary.

When I arrived, I could see the suspect vehicle had crashed into a chain link fence on Westview Drive just east of Baker Street. The suspect vehicle appeared to be unoccupied. I could see Officer Sheats and Officer Jensen were out of their vehicles and appeared to be looking for the suspects. AC Hampton and I drove approximately 100 yards south of the vehicle crash on Baker Street and parked my vehicle. Residents in the area were pointing to the north where they had seen suspects run. AC Hampton and I exited my vehicle and began assisting with the search. As more units began arriving in the area, I returned to my vehicle to establish a command post location for incoming units to respond to.

I moved my vehicle further south on Baker Street, approximately 200 yards from the location of the suspect vehicle crash. I advised River Com of the command post location. I blocked Baker Street, to all north bound traffic. I coordinated resources from the command post until the two suspects were in custody.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (RCW 9A.72.085)

INVESTIGATOR'S NAME(S):

1. SRO I. Jacobsen 1DO23

INVESTIGATION:

On 4/18/22 while I was on duty for the City of East Wenatchee and contracted by the Eastmont School District as their School Resource Officer (SRO), I was in a meeting with administrators at Eastmont High School. At the time I was wearing full uniform consisting of an exterior vest with "Police" on the front and back, a badge on the upper left front, and "East Wenatchee Police" patches on both shoulders.

At about 1458 hours, RiverCom dispatch advised Wenatchee PD was responding to a Gunshots call with injuries. Due to the emergent level to the call, I quickly departed the school to better hear radio traffic communication as the transmission were broken inside Eastmont HS. As I entered my patrol vehicle, I heard that Officer Jensen was positioned at 9th ST and Valley Mall Parkway and Officer Sheats was also nearby observing traffic for a suspect vehicle.

I department the Eastmont HS parking lot and RiverCom dispatched advised of a suspect vehicle, similarly to a white Grand Mercury Marquis. Then I heard that Officer Jensen was behind the suspect vehicle traveling northbound on Valley Mall Parkway. Radio transmissions were quick and broken as I heard Officer Jensen advise the suspect vehicle was taking off and driving beyond the posted speed limit. Through continued broken radio transmission, I next heard that the suspect vehicle was northbound on Baker Ave at a fast rate of speed. In my position as the Eastmont School District School Resource Officer, my primary objective/assignment are the Eastmont School District schools and keeping their students safe. There are two schools on Baker Ave, Lee Elementary and Cascade Elementary. I activated my overhead emergency lights and sirens and continued northbound on Eastmont Ave which parallels Baker Ave. towards the schools in which the fleeing vehicle and Officers Jensen and Sheats were traveling near.

Next I heard that the fleeing suspect vehicle had crashed about four blocks north of Cascade Elementary school. I arrived in front of Cascade Elementary School as I was being advised by my Chief that the school was on lockdown. I advised over radio to Chief Johnson that I had arrived at Cascade Elem. and would assist with lockdown. I contacted school buses out front which had children with extra needs occupied on their buses. I told staff educators that were present with students that they all needed to have buses unloaded and inside as soon as possible.

Detective Johnson arrived to assist me with communicating with arriving parents as the school day had been close to departure. Detective Johnson and I did a sweep of the school grounds to make sure no suspects or suspicious subjects were on school property.

Once I heard that both suspects were in-custody, the lockdown was lifted. School administration and myself continued with the reunification process for practice with students and their parents as well as to

not further create confusion with upset parents.

On 4/19/22 I followed up at Cascade Elementary to meet with staff for a lockdown debrief and any questions they had. Cascade Elementary expressed they were very grateful for Law Enforcement assistance.

INVESTIGATION:

On April 18th at approximately 1458 hours, I was in my unmarked patrol car on Valley Mall Parkway. Assist Chief Erik Hampton was with me. My radio was scanning all area radio traffic. I heard RiverCom dispatch Wenatchee P.D. to a "shots fired" call. A male with a gun shot wound was reported to be in the area of Methow Park. Moments later RiverCom put out a suspect vehicle description of a white Mercury Grand Marquis. Officers from the East Wenatchee Police Department immediately responded to the area of George Sellar Bridge, which is

the south access from Wenatchee to East Wenatchee.

Approximately 2-3 minutes later Officer Sheats advised via radio he had located a vehicle matching the suspect vehicle description. The vehicle was reported to have come off of the George Sellar Bridge and was now on Valley Mall Parkway. Officer Sheats momentarily lost sight of the vehicle but quickly relocated it. Officer Sheats advised via radio the vehicle was immediately trying to get away from him. When Officer Sheats activated his emergency lights the vehicle took off at a high rate of speed north bound on Baker Street. Officer Sheats had Officer Jensen with him.

When I arrived on Baker St, from 9th St NE, I could see the pursuing units were already 10 blocks ahead of us. Officer Sheats estimated the suspect vehicle speed to be over 80 MPH. Moments later Officer Sheats advised the suspect vehicle had crashed and it sounded like suspects were fleeing on foot. Chief Johnson advised RiverCom to place Cascade Elementary into lockdown. We arrived at Cascade Elementary and noticed children loading onto buses and standing out front of the school. We contacted staff present and had them take the children inside.

We arrived on scene and saw the suspect vehicle had crashed into a chain link fence on Westview Drive just east of Baker Street. The suspect vehicle appeared to be unoccupied. I could see Officer Sheats and Officer Jensen were out of their vehicles and appeared to be looking for the suspects. The Chief and I drove about 100 yards South when a homeowner, to the East, motioned to the North. I got out on foot and contacted the adult male, and he stated that he saw two people run North away from the accident.

A command post was established on Baker to the North of our location by Chief Johnson. Both Suspects were eventually taken into custody.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (RCW 9A.72.085)

INVESTIGATOR'S NAME(S):

1. Det. J. Johnson

INVESTIGATION: On Monday April 18th, 2022 at approximately 1458 hours, Wenatchee Police Department was dispatched to a Stab/Gunshot call in the 800 block of Methow St. Wenatchee, WA.

Upon shortly arriving at the scene, Wenatchee Police Department learned there had been a shooting between two vehicles, later identified to be a red Honda Civic bearing WA License# BVE1808 and a white Mercury Grand Marquis bearing WA License#AUL4645.

At approximately 1508 hours, East Wenatchee Police Units radioed that they were pursuing a white Grand Marquis that was fleeing from them. At approximately 1510 hours, Ofc. Sheats radioed that the white Grand Marquis that had fled from them had crashed at Westview Dr. and N. Baker Ave. It was advised two male subjects wearing all black had fled from the crash scene and were last seen wearing black pants and black hoodies.

At approximately 1950 hours, a witness to the pursuit had contacted RiverCom to report she had witnessed the passenger of the suspect vehicle toss out a small dark object just north of the intersection of N. Baker Ave. and 19th St. N.E.

Ofc. Lane reported he went to the described location and located the Samsung Galaxy A12 bearing IMEI# 350195300060492 with a cracked screen. The phone was collected by Ofc. Lane and placed into evidence at the East Wenatchee Police Department.

Upon examining the phone, I noted the Samsung cell phone had multiple scratch marks on the back of the case, the screen was shattered with pieces fragmenting off, and the screen itself separated from the body in multiple location. All damage appears consistent with a phone being thrown from a moving vehicle.

On Wednesday May 4th, 2022, I received a copy of a search warrant from Wenatchee Police Department Det. Caleb Aumell which was signed by the honorable Judge Jourdan to repair a black Samsung Galaxy A12 cell phone bearing IMEI# 350195300060492.

On Tuesday May 9th, 2022 at approximately 1757 hours, I replaced the screen on the Samsung phone with a screen purchased from IRepair-It. See photos.

After replacing the screen, the phone was plugged in and I noted it was displaying a charging symbol on the screen. See photos.

On Tuesday May 10th, 2022 at approximately 1050 hours, the Samsung Galaxy A12 cell phone bearing IMEI# 350195300060492 was return to Wenatchee Police Department.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (RCW 9A.72.085)
