Hello,

Regarding “1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law” **The City does not have any responsive records. I would suggest you try South Sound 911: Public Records Requests - South Sound 911**

For “2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;” **Please find attached the first installment of responsive records to your request. The City estimates that it will be able to provide a second installment of responsive records on or about August 02, 2024. If additional installments are needed, I will advise of the estimated date when I provide the second installment.**

Thank you,

Arlette
