### 20F09484 TRAFFIC STOP (Violation)

### NARRATIVE

Primary

Author: **FREEMAN,  
JEREMIAH**

Rpt Date: **Nov 15, 2020 2:45 PM**

Appvd: **117**

On the noted date and time, I saw a black Chevrolet Cavalier Washington license number BQP4043 drive westbound in the 1300 block of Slater Road. I performed a DOL check on my MDT to find the registration was expired on 10-1-20 and the registered owner, LAURIE GEORGE (R1), had her Washington driving status suspended/revoked 3rd degree. As I turned to follow the Chevrolet, it pulled into a driveway before turning around to go eastbound on Slater Road. When the Chevrolet passed by me, I couldn't see the driver due to the windows being fogged with moisture. I activated my lights and siren to signal the driver to stop, but it continued onto southbound I-5. I advised Kulshan of the failure to yield. The Chevrolet drove at about 75 mph in the posted 70 mph zone, and the light traffic moved over for my emergency lights. As we neared the Bakerview Road exit, the Chevrolet picked up speed to about 85-90 mph in the posted 60 mph zone. At that point, I terminated my efforts to stop the Chevrolet, and I advised Kulshan of this. After shutting off my lights and siren, I followed at a distance, and I last saw the Chevrolet weaving in and out of traffic still southbound on I-5 past the Sunset Drive exit. I requested Kulshan run the registered owner all the way and confirm the plate came back to the Chevrolet Cavalier to see if there was any reason to initiate a pursuit. There was nothing aside from the expired tabs, suspended driving status, and now fail to stop when signaled by the police. Kulshan gave watch-for information to WSP and other local agencies dispatched out of the Kulshan building.

Based upon the lack of suspect information, no further action was taken.
