4/20/20*

The following is a breakdown and summation of vehicle pursuits conducted by the Mason County Sheriff's Office between January 1, 201~~8~~<sup>9</sup> and December 31, 201~~8~~<sup>9</sup>.

There was a total of 39 incidents reviewed and ultimately labeled as pursuits/elude incidents.

77 % of pursuits occurred during typical hours of darkness (1800-0600 hours)  
66 % of pursuits occurred in the 2<sup>nd</sup> and 4<sup>th</sup> quarter of the year  
41 % of pursuits ended in an arrest  
59 % of the incidents did not have a report written

15 % of incidents had a collision involved  
5 % of the incidents ended with some sort of equipment damaged  
10 % of the incidents had property damage  
13 % of the incidents had a pursuit intervention involved  
36 % of the incidents had a K9 deployment  
23 % of the incidents had a Use of Force

2 Incidents led to a Deputy Injury  
10 incidents led to suspects with an injury

16 different Deputy's initiated these incidents

33% of the incidents were not documented on the supervisor log  
16 % of the incidents did not have an ELUD code on the Spillman incident report

*Leading in Excellence, Service and Safety*

This is a compilation of separate reports due to continued coding/reporting errors in Spillman and the supervisor elude log.

Reports used and are attached; 2018 Supervisor Pursuit log, Spillman report rplwlsr.x4 w/nature code "28A Eluding", Spillman report rplwlsr.x4 w/circumstance code "ELUD".

In 2019 there were six more pursuits than in 2018.

Items of note are pursuits significantly increase on "hours of darkness" up by 22% for the year

Cases closed with "A" increased from 27 % to 41%.

The other categories have no significant statistical change.

Issues that still need to be addressed in 2020

Better reporting by deputies for pursuits not ending in arrest or transfer of arrest to another agency. Coding also needs to be completed in Spillman so reports can collect data.

Better reporting by supervisors in supervisor log.

Better documentation of pursuit statistical items – Pro Phoenix may resolve this as the reporting system is mandatory and captures more data.

EVOC instructors will address decision making, training and skills in 2020 in-service

*Schedule additional training & address in  
Supervisor meetings.*

Tyler nearly struck several vehicles, drove into oncoming lanes of traffic, ran stop signs, drove through red lights, and swerved toward Deputy Rangel while he was outside of his vehicle attempting to lay down spike strips. After Tyler's vehicle was successfully hit by Deputy Rangel's spike strips, he continued attempting to elude officers by driving Southbound in the Northbound lanes of US Hwy 101; all MCS vehicles mirrored Tyler's vehicle in the Southbound lanes of US Hwy 101. Tyler pulled into the Little Creek Casino and ran on foot through the casino attempting to elude responding officers. Tyler was identified as the driver of the vehicle and was taken into custody by Officer Morine near the South exit doors at the Little Creek Casino. Tyler said he ran because he had a DOC Felony Warrant and was afraid of being assaulted by Shelton Police Officers.

Upon activating his overhead lights to attempt to conduct a traffic stop for reckless driving the vehicle failed to yield and attempted to Elude Law Enforcement. Deputy Helser continued to pursue the subject NB on SR 3 through Allyn. The vehicle then made a right onto Northbay Rd traveling at reckless speeds. Upon reaching SR 302 Deputy Helser continued to Pursue the vehicle across the Pierce County line until they reached the area of 4 corners. At that time Deputy Helser advised the suspect vehicle narrowly missed another vehicle head on. At that time I discontinued the pursuit due to the risk to other motorists. Approx. 30 minutes later I located the vehicle abandoned in Kitsap County and began a K9 track from the drivers door. After a two mile track we located the subject hiding and he was taken into cust. The subject was booked into the Mason County Jail.

A short time later Deputy Prigger located the RP and the suspect vehicle near Mill 5. Upon attempting to contact the driver of the suspect vehicle the vehicle recklessly eluded at the time of contact back Eastbound on Shelton Mallock Rd. Deputy Prigger advised she was pursuing the vehicle traveling 82 mph as it swerved between lanes of travel and randomly turned it's head lights off. Due to the reckless speed and the whether and road conditions I advised Prigger to discontinue. Approx 10 minutes later I observed the vehicle on Cloqualum Rd traveling W8 towards Shelton. I continued to follow the vehicle at safe distance without activating my lights or sirens. The vehicle was traveling at safe speeds near or around the posted speed limit but continued to recklessly swerve between lanes when no vehicle traffic was present. As we approached the area of Rock Creek Rd I had Deputy set up spike strips in the area. As we approached Woods location I activated my overhead lights attempting to signal the vehicle to stop for the purpose of identifying the suspect vehicle to Deputy Wood as we approached her location. The vehicle again failed to yield swerving and driving over the stop sticks. Upon hitting the sticks I activated my sirens as well following the vehicle onto Shelton Valley Road. The suspect vehicle lost control of the vehicle and left the roadway coming to rest in a ditch. The driver barricaded himself in the vehicle at

It appeared the driver of the vehicle was possibly impaired. Several MCSO units responded to assist. Deputy Spera was able to join the pursuit in the area of US HWY 101 and the Little Creek Casino. The vehicle was travelling north bound and speeds were 55 MPH. On US HWY 101 just north of HWY 108, we were advised Thurston County had conducted a "Pit" maneuver and successfully stopped the vehicle as well as taking the suspect into custody.

A dog track was started and I set up at Alta lumber yard when Shehan was seen driving another, fresh, stolen vehicle from the lumber yard. I activated my overhead lights and attempted to conduct a traffic stop. The vehicle continued to drive and did not pull over. I turned on the sirens while the vehicle started to pull away from my vehicle. Initially the vehicle rapidly accelerated to about 70 mph when I began broadcasting my observations. Based on the fact that Steven was seen in a separate stolen vehicle and fled from that area, I believed this vehicle to be stolen as well. The vehicle continued to drive fast, swerving across the center line at times. The speeds varied from 50-103 mph. At the onset of the pursuit, I heard there was a WSP unit attempting to catch up. The road conditions were dry and there was not a lot of traffic on the roadway. I did see the truck continue to swerve on the roadway and pass cars that were pulling over, all while maintaining speeds of more than 70 mph. I also did notify MaceCom that the driver was Steven. I continued to pursue for about 8-4 miles when I observed the vehicle swerve into oncoming traffic, causing traffic moving in the east bound lane to swerve to avoid being struck. Given the now danger to other vehicles and the seemingly deliberate swerving into the oncoming lane with traffic coming at us, I called over the air that I was terminating the pursuit. I deactivated my overhead lights and pulled over while I observed a WSP unit continue to pursue and apparently maintain slight contact with the truck.</p>

I heard Deputy Gaynor and Prigger call over the radio they were behind the vehicle again and continued to follow. The vehicle was still driving recklessly and I called for updates from Deputy Prigger to monitor the pursuit while I attempted to make my way to their location. I terminated the pursuit a short time later when I heard other Grays Harbor County units as well as WSP units in the direct area as well as hearing it called that the truck almost struck a pedestrian. I announced that all Mason County Units were to disregard further action in the pursuit. I then headed to 780 W State Route 108 to make contact with the truck owner, Calvin Mann, when I learned that during our pursuit, he called in his truck as being stolen.</p>

The vehicle turned up Deegan and when Deputy Prigger attempted to stop it again, it swerved trying to intentionally ram Deputy Prigger and did collide with her patrol vehicle. The vehicle continued to flee toward the city of Shelton, where Shelton P.D. joined the pursuit. The vehicle hit several parked vehicles and sped through active construction zones. Shelton P.D. took over the pursuit through the city and up Northcliff rd, heading to Brockdale to McCreavy Rd and onto SR 106 where Shelton P.D. Officer Lawson PIT'd the vehicle near mp 2. The vehicle went into the embankment, flipped several times before coming to rest facing the roadway. The driver was initially refusing to show hands and was asking to be shot. The driver window had to be busted out and the door opened, causing the driver to fall out the driver side where he was moved to the street and cuffed. Driver was transported to MGH for evaluation.

While checking the area I observed the Corvette pass me on that road. I caught up to the vehicle as it was turning North bound on W Matlock Brady rd. I followed behind the vehicle through the road construction that was all loose gravel. Once we were both on the pavement I activated my emergency lights to conduct a traffic stop. The driver began to accelerate at an extreme high rate. I attempted to stay with it in my Department issued F-150 Patrol truck, which it pulled away from me very quickly. I reached approximately 100 MPH and the Corvette was still pulling away from me at a high rate. At that point I deactivated my emergency lights and slowed while advising dispatch I was going to continue follow in the direction. At approximately the 7300 block, I observed a large dirt cloud in the area of a pull out/logging road. Once I arrived, I observed the Corvette in the ditch unoccupied. A passing vehicle told me the Corvette had passed him at high speeds, lost control and slid into the ditch. The driver was seen exiting the driver's door and running onto a gated logging road. After a K-9 track, the subject was located and sustained a bite from the dog from not complying. The subject was seen by medics on scene and transported to MGH.

The vehicle was driving at a high rate of speed on Cedar St running through stop signs without slowing showing his disregard for the safety of the public trying to evade capture. When the suspect approached Cedar St and 1st St, which is a busy intersection at that time, did not slow and blew through the intersection. Because Anderson had to slow to make sure he did not collide with civilian vehicles, some distance was created. The suspect turned on to Front St and pulled into the CFM gas pump and bailed on foot. Dep. Anderson observed the suspect run down the alley next to Dominos Pizza then lost sight of the suspect. Due to the severity of the assault 1 crime on Ofc. Porter for trying to run him over, Canine Caliber was deployed to apprehend the suspect. Additional units arrived on scene and blocked off all avenues of escape. Anderson made several announcements that were heard by a medic on the other side to the apartment complex at the fire hall. After a short canine track the suspect was found hiding under some stairs to an apartment and failed to comply with commands to crawl out. Canine Caliber apprehended the suspect and with the help of Anderson, was pulled out from under the stairs where he was handcuffed. The suspect was identified as Justin A. Wright (5-14-89).
