Hello,

I have a follow-up question. I understand that the city of University Place contracts with Pierce County Sheriff's Office- does this mean that the PCSO is the right place to request the data on any pursuits in your jurisdiction, as well as any reports?

Thank you

Dear Shira Idris,

The City of University Place received a public record request from you on April 08, 2024, for the following:

"I am requesting the following records from the University Place Police Department:

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;**
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;**
- 3) Reports summarizing and analyzing the vehicle pursuit data for your agency, produced for internal and/or external publication(e.g. periodic reports required for WASPC and/or CALEA accreditation, newsletters, materials provided to government officials) produced between 2019 through 2023.;**

Where possible, I would like the records provided electronically. This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny part or all of my request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for your assistance."
