## Narrative

### Supervisor Summary

On 09/08/22 at approximately 0819 hours Officer Edwards was driving with Officer Avery riding. He observed an older model Chevy Blazer that drove out of a parking lot with no license plate affixed, or temporary tag hanging in the back window.

He followed the suspect vehicle onto eastbound Burwell Street and began preparing to conduct a traffic stop on the vehicle. He waited until the driver had reached Naval Ave to see if he would turn north or continue eastbound. When it was clear the driver was staying on Burwell he activated his emergency lights. He did not observe a reaction when activating his lights. Believing the individual simply hadn't seen him behind (the vehicle was full of household goods), he chirped his siren at him twice to get his attention and to let him know he was attempting a traffic stop.

Officer Edwards was able to see that the siren elicited a response from the driver. It appeared the siren startled him. When the driver didn't activate a right turn signal, or begin yielding to the right, Officer Edwards again activated his siren to indicate to the driver he needed to stop. In this time, he had traveled approximately two blocks east on Burwell St.

The driver activated his left turn signal, and quickly turned north onto High Ave. Officer Edwards advised the vehicle was failing to yield. The driver then made a right turn onto 4th St, running a stop sign. It became clear to Officer Edwards the driver was attempting to elude. He followed the vehicle onto 4th St, updating CenCom of the development. He deactivated emergency equipment and came to a stop on the side of 4th St in the 1600 block, advising CenCom and other units of its last location.

I reviewed the report, CAD notes, and the AXON footage and it appears Officer Edwards acted within policy by terminating following the eluding vehicle when he did.
