The Lake Forest Park Police Department is in receipt of your records request, which seeks the following:

1. A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
2. Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
3. Summaries of vehicle pursuit data for our agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.

We are now collecting records responsive to your request. Based on the time required to complete collection, review, and possible redaction of the records, we anticipate we will be able to provide the records to you by **July 2, 2024**. If more time is needed, you will be notified on or before that date.

Please let us know if you have any questions or concerns.

We have gathered all files that we believe are responsive to your request and compiled them into a SharePoint file, which can be found here: [Pursuits 2019-2023](#)

This file includes an Excel spreadsheet with information extracted from RMS, an extensive collection of Pursuit Policies from 2019-2023, copies of LFPPD Annual Reports from 2019-2023, and copies of LFPPD Pursuit Reports from 2019-2023. It should be noted that the entirety of the LFPPD Policy Manual is updated multiple times per year, even if specific sections are not changed between each update. The Pursuit Policies provided have been labeled with the corresponding Policy Manual update date but have not been checked against each other for specific changes in the Pursuit Policy.

If you are unable to access the provided link, please let me know.

With the release of these files, we consider this request **completed, fulfilled and closed**. The 1-year statute of limitations to seek judicial review of this request has now begun.
