Greetings:

Your previous payment includes your first 15 files. Installment 1 included 3 files, Installment 2 included 2 files, for a total of 5. No further payment is due at this time.

Transmitted to you today via the records portal **(SEE HYPERLINK BELOW TO RETRIEVE RECORDS)** are **2** attachments; no redactions have been made and no information has been withheld.

Let me draw your attention to page 188 of file name "KPD Rules and Regulations," section 41.2.2 Pursuit of Motor Vehicles, for the pursuit policy. However, I included the full version of the document for your ease of searchability in case there are rules intermingled in relation to your data needs.

Also, the file name "Vehicle Pursuits" is our 2024 policy which is outside of your selected criteria but may prove useful while we are researching other retained versions of the policy.

Work continues on researching your request and compiling all responsive records. I estimate providing the next installment on or before **12/05/2024**. Please be assured you will be promptly notified if a response is available sooner or if additional time is necessary.

This date has been established as reasonable when considering available staffing resources, the number and complexity of all open requests, the time it will take to identify, compile and examine additional records, and other essential functions we cannot re-prioritize.

In the meanwhile, should you have questions or need further assistance, please contact me.

Thank you,

Kennewick Police Department
