## Narrative

### Supervisor Summary

On 04/27/23 Officers responded to a report of a burglary which turned into an Assault and Robbery with a firearm. Officers established probable cause for Robbery 1 and Assault 1 since a firearm had been used and pointed at the victims. The suspects had left the scene in a dark colored Honda with no plates. The driver was described as a black male and the passenger was a white male. Since we had PC for a felony crime of violence I authorized a pursuit if the vehicle was located. Officer Rodriguez located a vehicle and subjects matching behind the Perry Avenue Mall. He said the subjects saw him and got back into the vehicle to leave. I again authorized the pursuit since we had PC for the above crimes. Officer Rodriguez pursued the vehicle as it fled E/B on NE 30th Street. The driver turned N/B onto Trenton Avenue and continued onto Illahee Road. The driver went onto Oceanview and then turned around to head back towards Officer Rodriguez. The driver then went up All view Blvd which is a one lane driveway with an embankment on one side and a drop off ravine on the other. The passenger bailed out of the vehicle and then the driver continued up the driveway to the dead end. Officer Rodriguez stopped his vehicle when he noticed the driver stop believing he as going to bail. The driver started to back up then turned around facing his vehicle. Officer Rodriguez got out of his vehicle and attempted to wait for additional units with his firearm drawn at sul since the driver was supposed to be armed. The driver then revved his engine and rammed Officer Rodriguez's vehicle making passed his vehicle and the wall. He was able to get down to Illahee again where Officer Vega picked him up.

Officer Vega got behind the vehicle and began short pursuit of it again as it went towards the dock of Illahee. Officer Vega did bump the suspect car with his push bars when he tried to pin him in to stop him due to the violent crime we were pursuing for. There was no damage to either vehicle from this. The driver continued to drive toward the water where he bailed on foot leaving the vehicle to roll into a sign and come to rest. Officer Vega gave chase on foot for the driver and subdued him with the use of the Taser. A use of force was completed for this.

I watched Officer Rodriguez's dash camera and body camera and noticed the following: The video starts with him spot lighting the vehicle. The vehicle drives off without headlights at a high rate of speed onto NE 30th and Officer Rodriguez activated his lights and gave chase. The suspect runs the stop sign at NE 30th and Trenton and continues N/B. Officer Rodriguez activates his siren and follows. (Officer Rodriguez does go through the stop signs at the time of (22:43:45) where he slows slightly, but at the time of 22:44:10 he blows through the intersection without stopping. I discussed this with him, and he said he knows he should have slowed before the intersection and now understands the policy better which states, "Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation". He said he will be more mindful next time.)

Officer Rodriguez chases the vehicle as it goes to Ocean view where the vehicle crashes into the bushes but then backs up and continues onto Illahee again. Once he gets up All view which is a long driveway and a dead end he stops believing the drive will bail on foot. The driver then revs his engine and rams into the front passenger side of the vehicle and gets stuck between the car and the hillside before getting free. Officer Rodriguez was out of his vehicle and taking cover giving orders to the driver who was not complying.

I watched Officer Vega's dash camera and body camera and noticed the following: Officer Vega responds to the area to assist Officer Rodriguez and once he gets into the area he looks for the suspect. He is able to locate the vehicle as it comes back onto Illahee Road. He gets the vehicle as it comes down All View and tries to go passed him. It appears on the video that the vehicle might strike the front of Officer Vega's vehicle on the PIT bars but there was no damage when checked. He turns being it and chases the vehicle down the to the dock. The vehicle comes to a brief stop and Officer Vega taps the back of the suspect vehicle when coming to a stop. There was no damage to either vehicle when checked.

Upon reviewing the reports and cameras I believe Officer Rodriguez and Officer Vega's actions were within policy for this pursuit.
