# CAD Shots/Shootings 2019-2022

## Eluding/Pursuit 2019-2022

# 1st Quarter 2022 Analysis

- 2200201536 – On 2 January 2022 at 7:28pm, Lakewood Police responded to what was initially thought to be a traffic accident. Arriving officers discovered the victim slumped over and a large amount of bullet holes in the driver's side of the vehicle. The victim was pulled out of the car while officers attempted life saving measures but the victim did not survive the trip to the hospital. Detectives established a suspect and collected evidence building a case against the shooter (ex-boyfriend). The suspect, who fled was captured in Humboldt County California after officers recognized the suspect from a bulletin passed through the California Regional Intelligence Group (RIG).
- 2205602090- On 25 February at 10:35am, Lakewood Police responded to a report of a drive-by shooting in the area of Lakeview and 108<sup>th</sup> St. Just after this, units were diverted to a multi-car roll over collision at 112<sup>th</sup> and Gravelly Lake Drive. Investigation determined that there was a confrontation in the area of Yew Lane involving gunfire. The victim vehicle fled that scene, travelled west on 112<sup>th</sup> St at 100mph+ before hitting some rocks at Gravelly Lake Dr. and becoming airborne. 3 victims were thrown from the vehicle. 2 were dead at the scene and one was transported to St Josephs in Tacoma. Victims were uncooperative.
- 2204201270 – On 11 February, at approximately 2:47pm, officers responded to the 5000 block of 104<sup>th</sup> St SW for a report of multiple shooters. Multiple fleeing vehicles with bullet holes were driving off in multiple directions so that when officers arrived at the address, no suspects, victims or witnesses were onscene. There were approximately 40 shell casings (9mm and .45) in the roadway. A person suffering from a grazing bullet wound walked into St Clare Hospital but he was identified as a high violent offender (Hilltop Crip) and was clearly reluctant to cooperate. Detectives closed the case pending new leads or victim cooperation.
- Shots Fired/Shooting related calls remain high dipping in January to 27 but then rising well above the 3+ year average of 31.6 (February -48 and March -47).
- Eluding continues through the 1<sup>st</sup> quarter of 2022 as criminals understand police inability to pursue for many crimes.
- Year to Date Crimes Against Persons saw a decrease of 6% from the same time last year and a 21% decrease from 1 quarter ago. Seemingly driven by a decrease in simple assaults. One rise occurred when comparing 1Q21 to 1Q22 in Aggravated Assaults. Otherwise the line on the graph is moving downward.
- Property Crime saw a decrease from 1 quarter ago (-10%) but an increase when compared to the same quarter last year (+30%). Motor Vehicle Thefts remain very high (305 for the quarter which higher than recorded history). That is a 136% increase from the same time last year. Burglaries are also up 55% from the same time last year as is larceny (primarily shoplifting).
- Total Crime follows the other categories (down from the previous quarter -10% but higher than the same time last year +17.6%).
