- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
- 3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.

Dear Heather Kelly,

We received your request to the Medina Police Department. We estimate that we will complete your request for vehicle pursuit policies in place during 2019-2023 by August 8, 2024. Regarding the WASPC Standard, we are not the keeper of that record, and you would have to contact the Washington Association of Sheriffs and Police Chiefs for the WASPC Standard during 2019-2023.

Sincerely,

Barbara Marxer

Hi Barbra,

Thank you for your assistance with gathering these documents. I was just wondering if there were any other versions of the WASPC standard or vehicle pursuit policy in place during the 2019-2023? Did the standard/policy change at any point in that timeframe? If so, we'd like prior versions as well please.

Thanks!
