Hello,

I would like to reopen this. I'm asking for records that contain any summaries of vehicle pursuit statistics or data. Some agencies publish annual reports or newsletters, or just provide information to public officials regarding crime trends or policing activities. If Lynnwood PD created any such summaries regarding police pursuits during the time frame indicated in my request, I'd like them.

Thanks,
Heather

RE: Public Records Clarification: D002346-100224

Dear

The City of Lynnwood Police Department received a public records request from you on 10/2/2024. You requested:

This is a follow-up request to a prior PDR (D001389-061224) that was closed out. Your agency asked me to clarify my request by calling in, and I thought I had left a message, but never heard back so I'm opening a new request. I'm not sure what the nature of the clarification was that was needed, so please let me know what additional information I need to provide.

Under the Washington Public Records Act, §42.56 et seq., I am requesting any/all of the following records from the Lynnwood Police Department:

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
- 3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.

This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

This letter is to clarify what information you are seeking from the Police Department in order to identify the responsive records. Please clarify the following:

We have a list of vehicle pursuits for the dates you have requested. As well as a link for the policies on pursuits.

Please break down and specify what you are wanting for the third bullet point: Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023

We look forward to receiving your clarification at your earliest opportunity so that work on your request can continue. Please note that if Police Records does not receive clarification within 30 days of this message, we will consider the request closed.

Should you have any questions, please feel free to respond to this email through your portal account, or contact Police Records at (425) 670-5600. Please note that staff do not routinely monitor closed requests.

Respectfully,

Lynnwood Police Records
