Narrative

Miscellaneous Incident Investigation Narrative

1. Incident Description:
2. Premises location and description:
3. Other information:

On 6-6-2021, at approximately 0034 hours, I was patrolling within the boundaries of Pacific County, near 270th and Sandridge Rd., when I observed two vehicles, a passenger car and a motorcycle, turn west onto 270th from Sandridge Rd. I followed behind the two vehicles and observed the motorcycle pull next to the passenger car, the motorcycle was now in the eastbound lane traveling westbound. I had not yet activated my overhead lights and the motorcycle and car began driving at what appeared to be a high rate of speed, the motorcycle was still traveling westbound in the eastbound lane. It appeared the two vehicles were racing.

I was in a marked patrol car equipped with emergency lights and sirens. I activated my emergency lights and could hear the motorcycle engine getting louder indicating it was speeding up and not yielding to my emergency lights. I then activated my emergency siren as well. I could clearly see the motorcycle was traveling at a high rate of speed, failing to stop at the stop sign at 270th St. and U St., and turning south on U St. I followed behind, but once I turned onto U St. I could see the motorcycle was already at U St and Bay Ave which again indicated to me that the vehicle was traveling at an extremely high rate of speed. I continued to pursue and as I reached Bay Ave I could see that the motorcycle was already near 250th and U St. I continued across Bay Ave onto U St, then southbound on U St but not gaining any ground. The motorcycle was nearing 227th and U St as I was passing 245th and seemed to be traveling in excess of 100 MPH. At this point I discontinued the pursuit but continued towards 227th. I could see the motorcycle had turned east onto 227th, I also turned east on 227th and once I reached 227th and Sandridge Rd I shut my vehicle off and listened for the motorcycle, the sound was coming from the north. I turned around and backtracked the pursuit route looking for any discarded items, nothing found.

There are no suspects for this case, only what sounded to be a street bike style motorcycle able to tevel well over 100 MPH.

4. Date, time, reporting officer:
