**Narrative****Supervisor Summary**

Officer Hong was checking the area of Pendergast Park after a stolen truck was seen in the area. He drove by a suspicious vehicle in the parking lot. The vehicle was not in a spot, but in a lane of travel. Officer Hong noticed the vehicle did not have a plate displayed. When he turned around in an attempt to contact the driver of the vehicle for a Field Interview, the vehicle took off at a high rate of speed. Officer Hong did activate his emergency lights (and camera) prior to attempting the contact. Officer Hong advised CENCOM and other units in the area of the vehicle description. Officer Hong did continue to exit the park after the vehicle, but it is clear from watching his in-car camera that he does not increase his speed in any attempt to catch up to the vehicle. After reviewing the video I spoke with Officer Hong who agreed he should have just put his car in park for a brief period of time prior to exiting the park. Due to the fact Officer Hong exited the park it could appear that he was following the vehicle which would not be within policy. But after careful review of his in-car video and being familiar with the area and road, it is clear by his speed that he was NOT trying to catch up to the vehicle. It was later learned the vehicle Officer Hong observed was likely stolen and was seen on video at the site of another vehicle theft.
