Narrative

Supervisor Summary

I reviewed associated reports, dash cam video, and in-car video from Amazon Delivery driver.

Officer Greenhill noticed a vehicle pull into the Wheaton Way McDonalds. The vehicle had no front plate, an unreadable rear plate and was spray painted. He pulled into the McDonalds to wait for it to leave and conduct a traffic stop. His dash cam activates at 1452 hrs. At the 22 sec. mark the vehicle is seen leaving the McDonalds from the entrance lane. Officer Greenhill pulls out of the lot onto s/b Wheaton Way. At the 30 second mark Officer Greenhill activates his lights and siren and attempts to overtake the vehicle, that is driving s/b in the center turn lane. The vehicle continues in the center turn lane at a high rate of speed. At the 42 second mark Officer Greenhill slows down, shuts down his emergency equipment and advises the vehicle had eluded him. At the 1:22 mark Officer Greenhill arrives at the red light on Sheridan Road. He waits at the light and does not attempt to re-engage the suspect vehicle, which is no longer in sight.

At 1454 hrs the suspect vehicle collides with an Amazon Delivery Van at Warren / 11th, when the vehicle makes a right turn from the left lane in front of the van. The vehicle then continues on w/b 11th St without stopping. This is captured on the vans cameras. There are no officers in the area or engaged with the suspect at the time of the collision.

Officer Greenhill and Officer B. Smith do research and identify the vehicle. They contact the vehicle owner on High Ave, who alleges he let a "friend of a friend" drive the car. Nobody got a good look at the driver and none of the cameras involved capture an image of the driver. PC could not be established.

Officer Greenhill recognized the vehicle was eluding him and shut down his attempt to stop it within 12 seconds. He slowed down, shut down his equipment and then waited at a red light without further engagement. His actions were within policy and state law.
