Re: Public records request of March 27th, 2024.

Dear Requestor,

On March 27th, 2024 the City of Orting received your public records request for the following records:

Under the Washington Public Records Act, §42.56 et seq., I am requesting any/all of the following records from Orting PD:

1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;

2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;

3) Reports summarizing and analyzing the vehicle pursuit data for your agency, produced for internal and/or external publication(e.g. periodic reports required for WASPC and/or CALEA accreditation, newsletters, materials provided to government officials) produced between 2019 through 2023.;

Where possible, I would like the records provided electronically. This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny part or all of my request, please cite each specific exemption you feel justifies the refusal to release the information and

*notify me of the appeal procedures
available to me under the law.*

Thank you for your assistance.

This letter is written in response to those requests. Upon receipt this request was assigned as PRR #24-122 for tracking purposes.

Please note: under the Public Records Act, Ch. 42.56 RCW, a public records request must be for identifiable records in existence at the time your request was made. Pursuant to the Public Records Act, RCW 42.56, the City is not obligated to create a new record to satisfy a records request. Additionally, the City is not required to respond to questions, do research, or to give information that is not the subject of an identifiable public record.

The City is working to pull potentially responsive records, and staff will then review the records for exemptions. Due to current staffing levels and workloads, and the breadth of your request, it is estimated that you will receive the first and final installment of your records on or before May 1st, 2024.

Should you have any questions please let me know.

Sincerely,

Kim Agfalvi, CMC
