Synopsis:	
-----------	--

Narrative:	<p>This report is intended as a summary of events. I have paraphrased conversations and do not include an exact sequencing of events. For any exact quotes or exact sequencing of events I would refer the reader to my body worn camera, as it was recording at the time of this incident.</p> <p>On January 6, 2023 at approximately 0350 hours Bonney Lake Police Officers were dispatched to a report of welfare check, which then escalated to a report of a armed robbery which had just occurred at 9506 205th Ave E. South Sound 911 dispatch reported taking multiple calls from the caller at the location and it was unclear what was occurring and then were able to determine that the residents to have been the victims of a armed robbery, where at least two subjects were armed with handguns, one with a pipe and</p>

there were four subjects total. It was further reported that the subjects had fled the area in white newer Hyundai four door vehicle

As Officers responded to the area Ofc. T. Graham advised that he observed what he believed to be the suspect vehicle traveling west bound on SR 410 E, within immediate proximity to the neighborhood where the incident occurred, having entered SR 410 E from 208th Ave E

It should be noted that the neighborhood, Cedarview, can only be accessed by three roads from SR 410 E. Those roads are 202nd Ave E, 208th Ave E and 210th Ave E. Ofc. Graham began to follow the vehicle as other Officers and Sergeants responded to assist. Ofc. Graham updated via the Police radio of the locations of the vehicle and ultimately attempted to conduct a traffic stop of the vehicle, with the vehicle failing to yield and a pursuit was initiated to the reported crime being armed robbery and the suspects being armed with firearms. Sgt. E. Alfano indicated over the Police radio that he was part of the pursuit and I therefore I responded to the location of the incident to contact victims and confirm what had occurred. I had initially responded towards the pursuit and once I was aware that Sgt. Alfano was able to cover that event as a supervisor I turned around and returned to 9506 205th Ave E.

Upon arrival I noted that there was no one outside, as I had anticipated the victims to be awaiting Police response. I confirmed the address and knocked at the door and announced that I was with the Bonney Lake Police. Moments later the door was answered by a Hispanic male, later identified as Marcus Ceja, and a white female, later identified as Sabrina Blake. Blake and Ceja advised they were indeed the victims and that there was no one else in the residence and invited me in. I entered and began to speak with them about the incident and they showed me to the back bedroom where it was reported that the suspects had stolen Blake's new Sony Playstation 5 gaming console from the bedroom along a broken marijuana vaping pen. The main concern was the gaming console which Blake advised she had recently received as a Christmas present from her father. Blake further advised that the suspects had dumped out her purse on the bed, but indicated that she did not believe that they had taken anything from the purse. I observed the purse and numerous cards and other miscellaneous items scattered about the bed as I stood there. It was later learned that along with gaming console the suspects had taken the associated wireless joystick controllers.

Due to being equipped with a Body Worn Camera (BWC) I asked each if they would prefer to provide a audio and video recorded statement as opposed to a writing a hand written statement, which they both agreed. In summary they both indicated that they were in the bedroom watching the television when they heard banging at the front door and the person announced that they were "(A)". Ceja advised that "(A)" is a cousin of his and I later learned that his given name is "(A)". Ceja indicated that he got up and went to open the door and when he did "(A)" and three other subjects pushed into the house and "(A)" pointed a gun at his head. Ceja indicated he was indeed in fear of his life and believed he possibly could have been shot by the suspects. The suspects then pushed to the bedroom area of the house where they took the gaming console. Ceja also indicated that there was a physical fight amongst he and the suspects as they were leaving the residence to get to the suspect vehicle and he had received some minor abrasions to his left forearm which I photographed. Ceja described the gun as a black in color pistol, possibly a Smith and Wesson and confirmed that he is familiar with firearms. Blake provided a similar account and indicated that she also suffered minor injuries to her right lower leg and heal of her foot, which I photographed and she indicated she did not need any medical attention.

It should be noted that while at the residence and speaking with Ceja and Blake I had asked why the suspects would have come to their home and what they may have been looking for, as it seemed odd to commit an armed robbery for a gaming console. Ceja theorized that it had been rumored that a different cousin of his had possibly stolen a firearm from "(A)" and "(A)" knew that this cousin had been at Ceja's residence and thought they may have been looking to retrieve that firearm. Ceja advised he was a convicted felon and does not want, and does not have any firearms in his residence. Blake had pointed out a small closet in the hallway, where I observed a pile of blankets on the floor, still folded, and she indicated that the blankets had previously been on an upper shelf and were thrown there as the suspects were ransacking areas of the house looking for items.

While investigating the incident I learned that at least three of the subjects were known to Ceja, "(A)" being one, another white male whom he beleived to be Carson Hatch, another male whom Ceja advised he knew but could not think of the name at the moment, but did provide the SnapChat profile name of MAKES CRAZY and the fourth to be another juvenile male about the same age as "(A)", whom is 15 years old. Ceja further advised that Hatch was the other armed subject, the third, which he provided the SnapChat information, was armed with a metal pipe and the other juvenile was unarmed.

I later cleared the scene to go assist other Officers at the scene where the suspect vehicle had been abandoned by the suspects as they fled on foot and a Police K-9 track had ensued. Once the track

had been terminated all units cleared the area and I returned to the Bonney Lake Police Department. I then called Ceja and Blake to obtain further identifying information about the suspects and learned that Ceja had now remembered the name of the third subject, which he only had the SnapChat information, and advised the subjects first name was Jacob. He further advised that the unidentified juvenile was the younger brother of Jacob and that the juvenile had also recently been arrested with (A) in regards to another robbery, which (A) was currently under electronic monitoring and had cut of his ankle monitor.

With this information I began a search of local Law Enforcement records and determined that (A) was arrested in November of 2022 by Kent Police Department for Robbery 1st Degree, KPD case number 220015536. In reviewing that report I noted that there were two other juvenile subjects arrested with (A). I then conducted a search of Washington State Drivers License records using the first name of Jacob and the last name of each of the two other arrestees. In doing so I located a matching record, that of Jacob Ortiz-Carlbon. The juvenile younger brother of Jacob was identified in the KPD case as (A) (A). Records checks of the subjects revealed that both (A) were currently listed as being under Strict 24-Hour Supervision pending trial by King County Youth Services as they are awaiting trial. I called the phone number listed and advised that it was highly likely that both had violated provisions of their probation and were not at the residences listed. It should be noted that the address listed for (A) is the same as that listed on Jacob's drivers license record, (A). The juvenile probation record did not list the specific apartment number, (A) which Jacobs drivers license did. This concluded my involvement in this incident. Please see Ofc. Graham's report and the reports of other involved Officers for further details.
