For question #3, we internally track pursuits with an excel spreadsheet that contains the incident number, time of pursuit, primary officer, supervisor, brief synopsis, outcome, road and traffic conditions. This excel spreadsheet was started in 2022, and we do not have records of earlier pursuits. We do not publish this information in any external document.

Subject: Records Request

Can one of you help me answer #3 below. It's part of a records request that I received today. I sent #2 to Bredstrand.

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
- 3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.

This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.
