Request

Under the Washington Public Records Act, §42.56 et seq., I am requesting any/all of the following records from the Liberty Lake Police Department:

- 1) A list of all vehicle pursuit incidents that your agency was involved in from 2019 through 2023, as a line-level data extract from your records management system (RMS), including incident date, report number, and any/all other RMS data fields that are not required to be redacted by law;
- 2) Policy manuals, rules, and regulations for your agency relating to vehicle pursuits, including record-keeping and data collection on pursuits, that were in effect between 2019 and 2023;
- 3) Summaries of vehicle pursuit data for your agency, such as what may be contained in internal and/or external publications (annual reports, newsletters, presentations to government officials, etc.) produced between 2019 through 2023.

This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

Requester + Staff

Hello there,

Sorry for the delayed reply. I was traveling and just received this message. Can I ask approximately how many eluding incidents come up when you perform that search? If it's under 20, we'd like the incident reports themselves since those will clarify whether a vehicle pursuit occurred or not.

Best,

Heather

Requester + Staff

Dear Requester,

We do not have a search query that is capable of searching across all records for the term "pursuit" or "vehicle pursuit". I can search using the terms, "eluding" or "traffic offense", but there is no guarantee that the search would capture the data you are seeking. If you would like me to proceed using those search terms, let me know so that I can begin processing your request. If you wish to provide alternative search criteria, please advise what those search parameters would be.

Please respond within 30 days of today's date specifying if you wish to proceed with the proposed seach terms or alternative search criteria. If no such response is received from you by that date, your public records request will be considered abandoned and will be closed.

Thank you,

Erin Kelly

Requester + Staff

Dear Requester,

The policy remained the same in 2021 and 2022 so there were no policy updates. We will do our best to figure out how to extract any pursuit data.

Thank you for your asking.

Requester + Staff

Hello Erin,

Thank you for your assistance! Were there no policy updates in 2021 or 2022? I see that there aren't pdfs for those years so I wanted to ask.

I really appreciate your thorough search for pursuit data given that your RMS system doesn't produce line-level data. Thank you so much for doing that!

Best,

Heather

Requester + Staff

Dear Requester,

I am in receipt of your request for public records.

In reference to item 1 of your request, our records management system does not have a line level data extract regarding vehicle pursuit incidents. We will require more time in order to determine how to locate and pull the data you requested. I anticipate providing further information on or before July 18, 2024.

Three responsive records were located specific to item 2 of this request:

- LLPD Pursuit Policy 2019
- LLPD Pursuit Policy 2020
- LLPD Puruit Policy 2023

We have no responsive records reference item 3 of this request.

Please log in to your NextRequest portal to view the documents in their entirety.

If you have any questions, please contact me.

Thank you,

Erin Kelly
