Request

I am following up to my last request for records, which was #23-855. I understand a preliminary search of records was conducted using the incident category "pursuits", and that other potential categories located tens of thousands of possible identifiable records.

Without knowing how your database is organized, it's a little difficult to offer more direction. Could you please send the policy and produres manual for the Sheriff's Office in effect between 2019 and 2023? I can look through them and see whether there were any reporting requirements for vehicle pursuits that would help guide this search.

Meanwhile, could you please do a search for the following key words and combinations thereof:

- "Eluding"
- "Attempted eluding"
- RCW 46.61.024

Thank you for your assistance!

This letter serves as Walla Walla County Sheriff's Office five-day letter, pursuant to RCW 42.56.520, to your public records request which the Sheriff's Office received on January 5, 2024.

Due to the nature of the length of your request, we estimate it will take approximately thirty (30) business days to search for responsive documents, determine whether any of the responsive documents are subject to applicable exemptions under the Public Records Act, and to notify any third parties affected by the request. If third party notification is required, twenty (20) additional business days

will be allowed for a response by the third party to those records which specifically pertain to them. We anticipate an initial installment of responsive records on or around February 26, 2024.

Please advise whether you are seeking any record containing the key words you provided or if you are only seeking records relating to vehicle pursuits that contain those key words.

Additionally, pursuant to RCW 42.56.120 (2)(b), the Sheriff's Office is not calculating all actual costs for copying records because to do so would be unduly burdensome for the following reasons:

- (a) The Sheriff's Office does not have the resources to conduct a study to determine all its actual copying costs;
- (b) To conduct such a study would interfere with other essential Sheriff Office functions; and
- (c) Through the 2017 legislative process, the public and requestors have commented on and been informed of authorized fees and costs, including for electronic records, provided in RCW 42.56.120 (2)(b) and (c), (3) and (4).

We currently have a rule for the Walla Walla Sheriff's Office that any copying charges reasonably deemed to be a total of \$5.00 or less, the requestor will not be charged for the copies requested, in any format.

Please click here for all copying charges.

This letter serves as Walla Walla County's initial five-day letter, pursuant

to RCW 42.56.520, to your public records request.

After your request is reviewed for content and we determine the department or office in which your request refers to, the County will provide an estimate to provide an initial installment of responsive records.

After locating responsive records, the County will determine whether any of the responsive documents are subject to applicable exemptions under the Public Records Act, and to notify any third parties affected by the request. If third party notification is required, twenty (20) business days will be allowed for a response by the third party to those records which specifically pertain to them. As records are reviewed, they may be released on an installment basis.

Additionally, the Washington Public Records Act (RCW 42.56.120) and Walla Walla County Resolution 23-201 now allow the County to charge for provision of electronic records. Refer to the hyperlinked documents for the fee schedule for future records installments.
