Request

Under the Washington Public Records Act, §42.56 et seq., I am requesting the following records:

Monthly counts of vehicle pursuits involving the Stevens County Sheriff's Office from 1/1/19 through 11/30/23.

Where possible, I would like the records provided electronically. This information is not being sought for commercial purposes. The Washington Public Records Act requires a response to this request be made within five (5) business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny part or all of my request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thanks for your assistance!

Sincerely,

Heather Kelly

Hello,

Nearly five months have passed since I made this request. Please respond with an update and estimated time for compliance

by the end of this week. I did submit a separate PDR...is it possible you responded to that one and overlooked this one?

Best.

Requester + Staff

Hello,

Over 125 business days have passed since my initial request, which is three times as long as your estimated time for compliance. I asked for an update over two months ago and have not heard back. Can you please provide an ETA for the documents or the name of a supervisor I can contact to learn more?

Thank you,

Heather Kelly
